

**CHAPTER XXIX**  
**CARRIAGE BILLS AND THE ACCOUNTS OFFICE BALANCE SHEET**

2901. Stations take credit in their Balance sheet for the amount of fares and freight represented by vouchers sent to the Accounts Office in lieu of Cash. The realisation of this amount, as also of similar other amounts which do not pass through the Station Balance Sheet (viz. carriage of postal mails, haulage of postal vehicles, etc. ) develops upon the Accounts Office and is made through Carriage Bills.

2902. **Classes of Carriage Bills.-** Carriage Bills are of two classes, namely-

- 1) Those prepared from Warrants and Credit notes received daily from stations with the Cash Remittance Notes.
- 2) Those prepared from Advices and statements received from departments, etc.

2903. The procedure for the receipt, sorting and registration of station vouchers (Local and Through) has been described in paragraph 2727. The following paragraphs deal with the check of Credit Notes, Advice and Statements, and with the preparation of Bills and their realization from the firms or departments concerned.

2904. **Check of credit notes-** The amount of each individual credit note as received from the station should be compared with the entry relating to the connected tickets, way-bill or invoice in the return (including machine prepared abstracts returned by the destination stations and paid statements received from machine section in the case of Goods/Money Coal traffic) in support of the corresponding debit, to ensure that the latter show an identical amount. In cases in which demurrage or wharfage charges are included in a Credit Note, it should be seen that such charges are accounted for in the Demurrage and Wharfage returns. A suitable remark should be given in the relevant return against the entry of the connected Ticket, Waybill or Invoice to guard against duplicate credit being taken in connection with the same transaction. The following points should also be looked into during the check of Credit Notes:-

- 1) The credit note is 'original' and is in proper form.
- 2) It is signed by the department issuing it.
- 3) It bears the stamp of the issuing office.
- 4) There are no erasures, and alterations, if any, have been attested by the issuing officer.
- 5) The certificate at the foot of the credit note has been completed and signed by the station staff.
- 6) Full particulars of the transaction, in payment of which is rendered, are quoted.
- 7) When a single credit note is issued for a number of transactions payable at one time and place, full particulars of all such transactions are recorded in the credit note.
- 8) In the case of Credit Notes of the posts and telegraphs department the column headed 'class' has been correctly filled in to admit of the correct levy of freight charges.

Note- the above procedure does not apply to Firms credit notes which are sent by cash office to the Reserve Bank direct for collection from the bankers of the firms concerned and are not, therefore, received and subjected to check in the Accounts Office.

2905. The check of charges shown in warrants and credit notes relating to coaching traffic mainly consists in bringing them to accord with the checked amount of the connected tickets or waybills except that:-

- 1) In the case BPT/EFT where the connected tickets may not have come in the prescribed check, the warrants/credit notes should be checked completely and
- 2) The check of freight charges on credit notes relating to Parcels traffic involving freight value below Rs.30 in each case should be conducted to the extent of 10% subject to the same conditions as in vogue in the check of parcels way-bills falling under this monetary limit.
- 3) In the case of police warrants/jail vouchers, the under mentioned checks should be conducted:-
  - a. Complete check of fare with reference to the particulars shown on the Police Warrants/Jail Vouchers, viz., Station From, Station to, class, etc. which are not exchanged through UTS/PRS system.
  - b. In case where under or overcharges are noticed the linking should be cent percent.
  - c. Cent Percent linking with entries of tickets in the return where other than printed tickets are issued.

In the case of Goods traffic, the Credit Notes should be checked as per the data available thereon. The Accounts foil of the Invoices received from the forwarding station should be referred to and verified by TA for the purpose. The check of rates on Goods Credit Notes involving freight value of Rs. 100/- may be exercised to the extent of ten percent.

2906. **Carriage bills for Credit notes and Warrants-** After the credit notes and warrants have been subjected to internal check in the Accounts Office, these should be entered in carriage Bills (A.2907 or A.2908)

2907. All carriage bills except those against the Controller of Defence Accounts should be prepared in form A-2907.

2909. The Carriage Bills should be prepared separately for each Government Department, firm or person against whom a claim lies, and should show the total freight due on each voucher, the vouchers themselves being securely attached to the bill. Thus the total of each bill will represent the freight due on the vouchers attached to it.

2910. **Register of Credit notes kept pending.**- Credit notes, should be as far as possible, be included in Carriage Bills for the month to which they pertain. However, those, which cannot be billed for, on account of some reason or other, should be entered in a register (From AC(T) V-I) of pending credit notes maintained for the purpose, and care should be taken to see that they are included in the subsequent bill against the department concerned.

2911. **Commission Charges on Warrants and Credit Notes.**- Commission Charges are payable to the railways by the Government departments for the use of Warrants and Credit notes in payment of railway fare and freight.

2912. The commission charges should be levied at the rates prescribed by Board for Credit Notes and Warrants relating to the State Governments, Union Territories and Civil Departments of the Government of India. In the case of Defence Department of Government of India, also, the commission charges should be levied at the rate prescribed by Board for Credit Notes and Warrants except that in respect of Military Warrants for individuals (Form I.A.F.T 1752) for journey in II class/sleeper class, the Commission charges should be levied at the rate prescribed by Board for as Commission charges. The commission may be charged at above rates or as prescribed from time to time.

2913. The amount of commission charges recoverable from the departments concerned, on account of the use of warrants and credit notes, should be included as a separate item in the same bill in which charges in respect of the warrants and credit notes issued by them are included.

2914. Requisition forms used for reserving railway accommodation for High Officials of Government are not included in the term 'warrants and credit notes' for the purpose of levy of commission charges and consequently no commission charges should be recovered in their case.

2915. Railway Orders issued by the Military Secretary to the President for railway accommodation for the transport of the President should be treated in the same way as requisition of High Officials and no commission charges should be recovered in their case either.

2916. Commission charges should not be levied on Emergent Police Passes and on vouchers tendered by the Posts and Telegraphs Department for occasional despatches for the conveyance of mails.

2917. **Miscellaneous bills-** These bills comprise such items as hire of engine and wagons other than that due by other railways on stock interchanged, interest on the capital cost of postal vehicles, charges for the conveyance of mails as a regular daily service, haulage of postal vehicles, demurrage and wharf age charges due from Departments of the railway.

2918. Bills for the conveyance of Postal mails as a regular daily service and for the haulage of Postal vehicles should be prepared on the authority of Statements (Paragraph 1608-T and 1616-T) furnished half yearly by the Divisional Superintendents. In all other cases, bills should be prepared on such information, to be supplied by departmental or other officers, as may be necessary to work out the charges in accordance with the rules and orders in force.

2919. **Adjustment of petty sums between railways-** The detailed instructions for inter railway adjustments are contained in paragraphs 867 to 870 F. These do not, however, apply to the following classes of transactions which should be adjusted regardless of the amount involved.

- 1) Debits against Joint station staff.
- 2) Through traffic transactions (except as provided in Para- 2920)

Clearances of charges of hire on goods vehicles

2920. Inter-railway adjustment in respect of the under noted categories of Through traffic transactions should not be carried out as between the Indian Railways-

- 1) Public claims refund.
- 2) Overcharges sheets relating to clearance of station outstanding.
- 3) Items twice accounted for.
- 4) Debits raised and subsequently withdrawn, etc.
- 5) Readjustment of items wrongly accounted for with a railway when (on the accountal being proposed with the correct railway) the amount involved falls below Rs. 50 in each case.

Overcharges or undercharges coming to notice, after freight relating to Invoices/P.W. bills has been apportioned provisionally.

2921. **Numbering of carriage bills-** Bills should before issue, be serially numbered with reference to their entry in the AOB (A 2922) suitable code letters being prefixed to the number to distinguish one class of bills from the other. These should then be submitted to the firm, person or department concerned.

2922. **Accounts Office Balance sheet-** for the purpose of taking the Carriage Bills into account and of watching their realisation from the firms or departments concerned, as also for incorporating in accounts the traffic cash received otherwise than through the Station Balance Sheets (e.g. workshop profit, advertisement fees, sale of grass, fares of coupons sold by Tourist Agents, fares represented by Suburban Tickets sold in Head quarter offices, etc) a Balance Sheet (corresponding to the Bills Receivable Account in commercial Book-keeping) should be maintained in form A 2922.

2923. Separate AOB should be maintained for Coaching and Goods transactions.

2924. **Debit entries in the Accounts Office Balance sheet** – The debit entries in AOB comprise of -

1. Opening balance.
2. Amount of carriage bills issued in connection with station vouchers-
  - a) for the current month plus

- b) kept pending in the previous month (Part A)
- 3. Amount of pending vouchers-
  - a) for the current month less,
  - b) amount of pending vouchers (station figures) for previous months billed for in the current month.
- 4. Amount of Miscellaneous bills (**Part B**) and
- 5. Direct traffic receipts under-
  - a) coaching
  - b) Goods, and
  - c) Sundry other earnings.

2925. **Credit entries in the Accounts Office Balance Sheet.**- The credit entries in the AOB comprise of -

- 1) Cash (i.e. direct cash receipts & payments on Traffic Account);
- 2) transfers Railways and adjustments through the RBI;
- 3) book Transfers(Transfer of credits between Traffic & General Books); and

Balance sheet transfers (Transfer of credits between Station Balance sheet and Accounts Office Balance sheet).

2926. The closing balance of the AOB consists of the unrealised amount of Carriage Bills and amount of vouchers kept pending.

2927. **Posting of the Accounts Office Balance Sheet.** - It is necessary, in the case of vouchers, to defer the posting of the AOB, till Carriage Bills have been made out against the persons, firms or departments concerned, so that only the total of each bill need be entered in the AOB and the number of postings is reduced to a minimum. All bills pending realization or adjustment should be posted in the debit column of the AOB, the amount of fare or freight and commission, if any, being posted separately under the sub-columns provided for the purposes. The latter should be credited to Sundry Other Earnings on the debit side of the Balance Sheet.

2928. From the point of view of realisation, the bills fall under three distinct categories, namely

- 1) Bills payable in cash,
- 2) Those adjustable through “Transfers Railways” and through the Reserve Bank, and
- 3) Those adjustable in the books of the home railway.

2929. It will be found convenient to write up the Accounts Office Balance sheet separately for each class of bills, for this purpose, each Accounts Office Balance sheet should be kept in two parts ‘A’ & ‘B’ (Paragraph -2924) and separate pages allotted for the records of the three categories of bills mentioned in the previous paragraph. The total of each category should be brought together at the end of each part and

that of each part in the Summary mentioned in paragraph 2932. In the form of the Accounts office Balance sheet (A-2922 provision is made for the adjustment of transactions for three months. In totalling each part, therefore, a separate total should be made of the unadjusted items brought forwarded from the previous quarter.

2930. Debits to be cleared by cash recovery will be so cleared on receipt of cash for which the necessary advice will be sent by the Cashier. Those which are adjustable by book entry will be so adjusted on receipts of the transfer acceptances of other railways or Govt. departments by means of journal entries of transfers between General and Traffic books, the later in the case of item adjustable in he books of the home railway. The transfer acceptances will be communicated by the booking section. All such credits should be posted in the credit column of the Accounts office Balance sheet against the connected debits entries and the months outstanding reduced accordingly.

2931. **Miscellaneous Earnings Register.**- Direct Traffic Cash Receipts or similar other items not previously brought to account should be recorded in Misc. Earnings Register( Form A-2931) and credited to the appropriate head of earnings.

*Form A.2931*
