Sub: Payment of bills under Demand No-16- Linking of IRPSM’s Unique Works Identification Number (UWID).

In order to ensure proper upkeep of ‘Register of Works’ for sanctioned works under Demand No 16 (Asset Acquisition, Construction and Replacement), expansion of Indian Railways Projects Sanctions & Management (IRPSM) is being done for digitization of all process flows involved in any work subsequent to sanctioning i.e. sanctioning of estimate to closure of work, which inter-alia includes mainly Estimate Module, Contract execution Module, Stores Module, e-Measurement & e-billing Module, Completion Module etc.

2. In the first stage, all the sanctioned capital works have been populated with unique works ID (UWID) and displayed in the ‘Estimate Updation Module’ of IRPSM’s homepage (a sample enclosed as Annexure-I). This has also been shared with the railways bill payment portal i.e. IPAS (Integrated Payroll and Accounting System).

3. At present, work’s details like Pink book/LAW book/DRM LSW item and Estimate are referred before audit and payment of bills on IPAS. Further to auto capture work wise expenditure by the IPAS, Board (ME & FC) have approved to mandatorily link IRPSM’s UWID of the specific work (Sanctioned under Demand No 16) before making any expenditure in that work.

3. This shall be applicable to all type of expenditure under Demand No 16 with immediate effect.

4. This has approval of Accounts directorate of Ministry of Railways.

Encl: As above.
