No. 2013/CE-I/CT/O/34/SI

New Delhi, Dated 18th March 2014

To,

As per list attached.

Sub: Clubbing of various works in one single contract - Invitation of tenders.

It has been brought to the notice of Board that on one Railway, a large number of estimates for sanctioned works, as well as revenue works, including zonal works, were being clubbed for invitation in one tender.

The issue has been examined in Board in totality and it is considered appropriate that although calling of large number of small value tenders should be minimised and lesser nos. of tenders of larger value should be called to enable proper contract monitoring / management; two important aspects, i.e. type of works to be clubbed together in one tender and the optimal value of the big tender to attract reasonable competitiveness, should be taken into account, while clubbing the works.

Accordingly, it has further been decided that zonal works and sanctioned works shall normally not be clubbed in a tender so as to affect reasonable competition in tendering. Also, miscellaneous & varying nature works should not normally be clubbed together, which may otherwise affect booking of expenditure and drawal of completion reports.

Necessary action should be taken accordingly and receipt to be acknowledged.
