Sub: Adherence to time - limit while furnishing report on CVC - referred and PIDPI complaints

Please refer Board’s letter of even number dated 18.08.2010 (RBV No. 17/2010) regarding submission of reports in respect of CVC-referred and PIDPI complaints within the prescribed time - limit.

Inspite of the above instructions, it is seen that the reports are not being received on time and that the number of complaints pending is mounting. With a view to strengthen the monitoring mechanism, it has been decided that Zonal Vigilance should start conducting mid-term appraisals (i.e, at the conclusion of six weeks) with immediate effect and in cases where it considers that it would not be feasible to adhere to the time line specified by the Central Vigilance Commission, submit to this office an interim report before expiry of the 8 week (Eight) period indicating inter-alia brief reasons for the extra time required along with the targeted date of submission of the report.
