

FEDERATION OF RAILWAY OFFICERS' ASSOCIATIONS

Resolution adopted in the Meeting of the Governing Council of FROA held on 12.02.2014

FROA is deeply dismayed to note that the proposals of cadre review for the Group A Services of Railways have not been approved for consideration of Committee of Secretaries as advised by DoPT. FROA has in the past made numerous requests and representations for early finalization of the long overdue Cadre Reviews to all Board Members and also the Hon'ble MR but there is no tangible progress so far despite Budget announcement for cadre restructuring in 2010-11.

In order to convey the collective resentment of Railway Officers, FROA has resolved on date:

1. FROA representatives will again meet and request Hon'ble MR, CRB and Board Members for expediting this issue highlighting the acute discontent.
2. In absence of any positive response, FROA will be constrained to approach the Cabinet Secretary, PMO and other Political leadership.
3. If issues remain unresolved, all Group A officers will display black badges on their body w.e.f. 21.02.2014.

Secretary General/ FROA
