(रेलवे बोर्ड) (Railway Board)

Office Order No. 10 of 2021

National Cyber Security Strategy

The current pandemic has introduced a greater reliance on electronic modes of communication in official working. It is, therefore, necessary that all officials take responsibility and follow adequate procedures when using Information Technology (IT) infrastructure for ensuring confidentiality, privacy, etc. in dealing with official information. This can be achieved to a great extent by following internet ethics, cyber hygiene and following best practices on use of IT equipment viz., Desktops, Laptops, Mobile devices, etc. While many Officials are aware of these and other related practices, there are still a number of officials who are unaware of the same.

A number of incidents have come to notice regarding breaches in various IT applications of IR. These incidents have seen a spike in recent times as electronic working gets further proliferated. While a majority of these are application related, there are also incidents which have occurred due to improper handling of the IT assets by the personnel in general.

Therefore, in order to create awareness and educate the employees, the Government of India, at the highest level, has decided that all Officers and Staff may be imparted a generic training in Cyber Security. Accordingly, C-DAC, an organization under the Ministry of Electronics & Information Technology, GoI, has been tasked with providing these trainings. Each training session will last 4 hours and the calendar for the same will be advised by C-DAC to the registered attendees.

In order to participate in these training sessions, the pre-requisites for getting registered are as follows:

- Registration on C-DAC's site - **www.isea.gov.in/get/**
- Only bonafide Government officials/staff are eligible to get registered.
- Registrations are to be done using official **gov.in/nic.in** email id only (email ID used for SPARROW/E-office); **alternately**
- Officials not having gov.in mail id can use private email ids. However, they would need to scan and upload their Government Identity Cards.
- Please Choose "**Ministry of Railways**" in the drop down option for Departments.
- The calendar of upcoming training schedules would be available on the ISEA site from where one can choose a session based on convenience.
- On successful registration, a link for joining the training session would be shared on the email ids registered with C-DAC **a day prior to the scheduled session.**
- On successful completion of the training module, C-DAC would be issuing a certificate also.
