No. 2017/Transf. Cell/Go Digital

Dated: 24.04.2018

Dear General Manager,

Sub: Encourage People to Go Digital – Launch of E-Inspection Module.

A novel E-Inspection Software and Mobile Application has been developed by Delhi Division under the overall guidance of the Transformation Cell. This will obviate the need for paper based reporting of inspections. This is capable of generating MIS reports in various forms and will build a database of inspections and the shortcomings noticed during inspection.

This is ready for launch but you need to fill up data of actual inspection carried out during this year so far (calendar year). Further details will be provided to you by PED/Transformation.

You may please direct all your officers to familiarize themselves with the nuances of the application and start using them.

With best wishes,

Yours sincerely,

(Ashwani Lohani)
