No. 2018/TF/CRB Directives

09th November, 2018

My dear DRMs,

Sub: Process Reforms – Simplification of decision making processes
Ref: DO No. 2018/Trans Cell/E/Process Reforms dated 27th October 2018

Field units have been continuously empowered by way of delegation of powers over the last one year. This has enabled the front line staff and decomplicated decision making. As we are striving to evolve a culture focused on efficient delivery, the process of decision making needs to be continuously reviewed in this context and simplified.

Process reforms with regard to decision making and contractual mechanism still leaves much to be desired. Our mission of reforms will be successful only if we simplify the entire lot of decision making and contractual processes.

I would like you and your officers to look into these aspects in active association with the nodal ED(Transformation) and regularly submit suggestions/proposals to the Transformation Cell of the Board.

Needless to emphasise that reforms have to continue to remain at the core of our focus for a long time in the future.

With best wishes,

Yours sincerely,

(Ashwani Lohani) 9/11/2018
