**Sub: - Timely billing of Warrants.**

.....

Please connect d.o. letter of even no. dated 13.12.04 requesting for a review of status of billing of military warrants (Credit Note etc.) against Defence Department. A feed back from the railways has indicated general delays in the billing process due to various reasons. It is therefore desired that the procedure of billing of the billable vouchers may be reviewed from the stage of its dispatch thereof from stations to preparation of carriage bills and submission thereof to departments concerned for adjustment/ payment.

In this regard feasibility of billing of the vouchers exchanged at PRS point at PRS centre itself may also be explored in consultation with CCM/PRS to avoid duplication of efforts.

A feed back on action taken may kindly be advised.
