

GOVERNMENT OF INDIA
MINISTRY OF RAILWAYS
(RAILWAY BOARD)

GST Circular No. 51 /2017
RBA Circular No. 120 /2017

No: 2017/ACII/1/6(CRIS)

Dated: 28-08-2017

General Managers,
All Indian Railways and PUs

Sub: GST related data entry and modification of data

- 1) CRIS has generated MIS Reports on the manual transactions that were uploaded on to the CRIS Utility for GST purposes. Zone-wise, transaction wise MIS reports have been provided for all GST data relating to manual transactions, related to receipts, captured through online utility. The GST invoiced total number of transactions is enclosed at Annexure A. These are available at: www.gst.indiarail.gov.in. The reports can be viewed either as unit wise, department wise, user wise, and date wise in a summary format as well as individual invoice wise transaction details in excel format. These reports can be downloaded, saved and printed by the users.
- 2) **GSTIN** wise transaction count is placed at Ann. A. Some of the transactions have several data entry/capture errors. These will need to be corrected IMMEDIATELY, to enable Railways to generate the transaction wise GSTR1 Report.
- 3) **Modification of GST data relating to manual receipt transactions entered in GST online before transfer from CRIS to NSDL:** Provision of modification, before the data is transferred by CRIS to NSDL, is to be made as below:
 - a) Based on the MIS reports, Railways can identify invoice wise transactions which need modification;
 - b) Modification will be permitted through '**Modification**' button on the GST utility by using the same user ID and password, through which data required to be modified was entered;
 - c) Once invoice no and date of invoice is entered by valid user, data will be auto populated for that invoice;
 - d) **All data can be modified except the invoice number, taxable value, and tax amount entered on the utility. In the event that any transaction has a data entry error related to these fields, matter must be brought to notice of FA&CAO for corrective action, in consultation with CRIS.**
 - e) Modification will be permitted only once, for the purpose of easy audit trail;
 - f) **The GST cells on each Zonal Railway may kindly ensure that each tax related transaction is corrected and confirmed by responsible persons so that there are no errors in GST Tax Liability of IR.**

4) **Timeline for modification of data:**

i. **For the month of July 2017:**

New entries and Modification entries on the online utility for the month of July 2017 will be permitted till **31st August 2017 till 16.00 hrs;**

ii. **For the month of August 2017:**

New entries and Modification entries on the online utility for the month of August 2017 will be permitted till **2nd September 2017 till 16.00 hrs;**

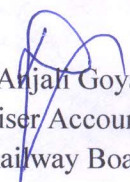

iii. **For the month of September 2017:**

New entries and Modification entries for the month of September 2017 onwards on the online will be as under:

For data entered	Data modification window	Transfer of data from CRIS to GSP
Between 1 st & 10 th of the month	Till 15 th of same month	On 16 th of same month
Between 11 th & 20 th of the month	Till 25 th of same month	On 26 th of same month
Between 21 st & last day of month	Till 5 th of next month	On 6 th of next month

CRIS has also prepared a GST User Manual to facilitate modifications.

Appropriate directions to all concerned Departments for undertaking timely correction in GST data may kindly be issued for strict compliance.
