GOVERNMENT OF INDIA
MINISTRY OF RAILWAYS
(RAILWAY BOARD)

No. 2021/14/CE-III/BR/1/Monsoon

New Delhi, dt. 12.07.2023

Principal Chief Engineer,
All Indian Railways.

Sub:- Requirement for prevention and settlement of Breaches in flood prone areas.

During the ongoing monsoon, problems of water flowing over the track, bank settlement, water logging along the track, etc. has arisen in many zones of Indian Railways resulting into the disruption to the traffic for considerable period. Survey of effected area should be immediately done to access the cause of damage and decide remedial measure. Extent of damage should be correlated with hydrological data and additional waterway may be planned.

While sending special report to the Board regarding breaches/unusual related to monsoon, rainfall data must be sent.

This is issued with the approval of Member (Infra)/Railway Board.

DA:- As above.

(Niraj Kumar)
Executive Director, Civil Engg./B&S
Railway Board
