**GOVERNMENT OF INDIA
MINISTRY OF RAILWAYS
(RAILWAY BOARD)**

No. 2014/CE-III/BR/NDMA

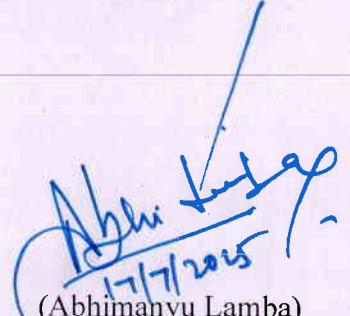

New Delhi, dated: As signed

Principal Chief Engineers,
All zonal Railways.

Sub: - Adherence to guidelines for fabrication, quality control, erection, inspection & maintenance of steel plate/composite steel girder foot over bridges.

A number of FOBs are being constructed on stations on which quality issue has been a major concern. In this connection, it is advised that all zonal railways should adhere to guidelines for fabrication, quality control, erection, inspection & maintenance of steel plate/composite steel girder foot over bridges issued as BS-140.

Accordingly, PCEs are requested to instruct concerned THOD/Chief Engineer to undertake sample check for ensuring quality and send a report in this regard to Board on email: bmccllr@railwayboard.gov.in.
