प्रधानकार्यालय/ Headquarters Office, Planning Branch, चेन्नै - 600 003/Chennai - 600 003.

Dated: 03.02.2021.

No.G.275/WSSR-222021/2020-21

DRM / MAS

Sub: Work study to review the Staff Strength at

SSE/Works/AJJ - MAS Division

Ref: SDGM's D.O. letter No.G.275/ANNUAL PROG/2020-21

dated 20.08.2020.

A work study on the above subject was conducted by Headquarters Planning Branch and a report on the same is attached.

As the report is to be finalized within eight weeks, it is requested to take expeditious action and advise this office in this regard.

A copy of the work study report may be given to organized labour.

This has the approval of SDGM.

(D. JAYARAMAN)

Dy. Chief Planning Officer for Senior Deputy General Manager.

Copy to: PCE/MAS

(Encl: One copy of the study report)

The Director (E&R)/Rly.Bd/NDLS for information.

#### (i) ACKNOWLEDGEMENT

The study team is thankful to the Officers and staff of Engineering Branch of Chennai Division for their valuable suggestions and assistance in conducting the study successfully.

The team also extends the gratitude to ADEN/AJJ & SSE/W/AJJ and his staff for providing all necessary data and assisting the team to complete the study in time.

#### (ii)

#### **AUTHORTY**

Annual programme of work studies for the year 2020-21

#### (iii) TERMS OF REFERENCE

To review the staff strength vis-à-vis workload at SSE/Works/AJJ – Chennai Division.

#### (iv) METHODOLOGY

The following methodology has been adopted while conducting the study.

- 1. Collection of data.
- 2. Discussion with Officers and Supervisors.
- 3. Application of yardstick wherever possible and on need basis.

AKAK

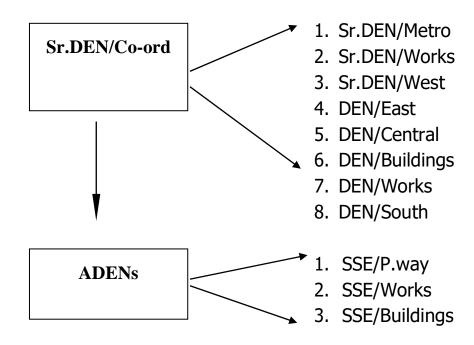

#### **INTRODUCTION**

In Indian Railways, Works wing of Civil Engineering department plays a vital role for the maintenance of Station Buildings, Service Buildings, Residential Buildings, Water supply, Inspection of bridges and attention to them, periodical verification of stores, execution of all new buildings, maintenance of land boundaries, removal of encroachments, afforestation, other horticulture works and proper training to staff. Further duties are maintenance of sewage & drainage system and approach roads, etc. Also inspects and attend to foot paths and bridges, maintenance of substructure of minor as well as major bridges.

SSE/W/AJJ is the field unit functioning under the overall control of Sr DEN/CO-ORD/MAS and the unit is under the control of ADEN/AJJ.

The jurisdiction is from AJJ to RU, AJJ to CGL, EWS & ELS.

The Organizational structure of the Works branch in Civil Engineering Department in a Division is shown diagrammatically as follows:

The analysis is made to study the present system of working and the staff requirement arrived are detailed in the subsequent chapters.

#### **CHAPTER-II**

#### PRESENT SCENARIO

The duties of SSE/Works are detailed in the various chapters of the Indian Railway Works Manual. The main duties include:

- Inspection and maintenance of Service buildings, staff quarters and other structures, Approach Roads, Water supply, drainage and sewage works.
- Inspection of bridge works as assigned.
  - ✓ Execution of all new buildings/structural works.
  - ✓ Accountal and periodical verification of stores and tools in his charge.
  - ✓ Maintenance of land boundaries, as specified.
  - ✓ Removal of encroachments at his headquarters and at other places in his jurisdiction as specified.
  - ✓ Afforestation and other horticultural works.
  - ✓ Ensuring proper training to the staff working under the administrative control, as provided in the training modules of the Civil Engineering Department.

#### 2.2. Knowledge of Rules and Regulations:-

- ✓ SSE/Works shall be in possession of books, codes, manuals and compendium as prescribed.
- ✓ He shall be conversant with the rules, regulations and procedures
  contained in these books concerning his work.
- ✓ He shall also ensure that all staff working under him are conversant
  with the relevant rules and working methods and efficiently

- perform their duties. If not, he shall explain and educate them to achieve the objective.
- ✓ Co-ordination with Permanent Way, Bridge and other staff.
- ✓ The SSE/Works shall co-operate effectively with the Permanent Way, Bridge, Signaling, Electrical staff etc., where they are required to work jointly.

#### **Inspections:**

The most important inspections required to be carried out by SSE/Works are summarized below:

- SSE/Works shall systematically inspect all buildings and structures in his charge and record brief details of repairs to be undertaken as prescribed in the Works Manual.
- SSE/Works shall maintain petty repairs books at all station buildings and other important buildings as specified in the manual and shall check them during his inspections and ensure prompt action/repairs.
- He shall inspect bridge foundations and substructures.
- ❖ He shall have details of total requirement of water, sources of water and their yield, storage capacity and shortfall etc. along with complete water supply plans of yards and staff colonies in his charge.
- ❖ The SSE/Works shall also complete history and data of tube wells in his jurisdiction and ensure testing of yield of tubewells and other sources of water once every year in co-ordination with Electrical Department when sub-soil water is at its lowest. Decide, according to the seasons, the time of pumping water. At wayside stations, monitoring of pumping hours shall be entrusted with station Master

for effective control. He shall control distribution of water supply at main stations, while on way-side stations where engineering staff is not posted, the work may be assigned to pump operator of Electrical/Mechanical Department.

- SSE/Works shall ensure cleaning of Overhead/Underground Storage tanks. He shall be responsible for the disinfestations of water supply wherever specified.
- SSE/Works shall inspect periodically sewerage and drainage system and ensure their efficient performance as prescribed in the Manual.
- SSE/Works shall periodically inspect land and land boundaries in his jurisdiction as detailed in the Manual and furnish necessary certificates to the Assistant Engineer.

#### **Execution of Works:**

 SSE/Works shall be personally responsible for the accruals setting out and execution of all works under his charge according to approved drawings and specifications. He shall plan every work, organize labour in an efficient manner and maintain detailed accounts of materials and tools received and issued. He shall exercise frequent checks on the quality and quantum of work being done in his charge and submit progress reports periodically as prescribed.

#### **Measurement of Works:**

 Every SSE/Works shall be responsible for proper measurement of contractual works as per powers delegated to him as per the Indian Railways Code for Engineering Department. He shall maintain movement registers of measurement Books and Standard Measurement Registers for Works. Workload in this Works unit has to maintain/operate the following assets:

SI.	Description	Area / Length
No.		
1	Residential Buildings	43,151.85 Sq m
2.	Service Buildings-Plinth area	55,461.5 Sq m
3.	Platforms covered Area	1,23,379 Sq m
4.	Platform uncovered area	56,952.80 Sq m
5.	Road-Length in Kms	50 km
6.	Water pipeline length in kms	13,000 m
7.	Drainage Pipeline-length in kms	5,000 m

Artisan staff report for duty in the morning and are allotted duties based on the petty complaints.....

- Registered by the occupants of the quarters at AJJ section in the Complaints Register
- Registered by the occupants of the quarters at wayside stations in the
   Petty Repairs book kept at the stations
- Complaints made by the officers/Supervisors/staff through memo/emergency calls over CUG mobile phone.

The staff then collects the required materials from Stores and proceeds to the work spot to perform the work allotted. The works are supervised by SSE/Works to ensure that the quality and quantity of work performed is as per specifications /norms.

SE/W/AJJ Unit's assets and actual staff strength as per Sr.Dpo save statement before surrendering the 50% Non safety posts in various categories:

No. of staff quarters maintained	481
No. of Supervisors on roll	01
No. of Artisan staff/Group-D on roll	27

At present in this unit, 28 staffs are working against the sanctioned strength of 38. The Scale Check of this unit is appended as Annexure – I.

#### **STAFF DISTRIBUTION:**

Plumbing, drainage, repair works are totally outsourced and the emergency work only being attended by departmental staff. Further pruning branches of trees, cleaning wells, maintenance of water hydrants, gathers clearing, clearing vegetation in colony areas and platforms, attention to roof repairs are also outsourced. The maintenance of RUB / ROB, major & minor bridges, sub-structures and barricading works in the section/stations to prevent encroachments are being done as per CE's

instructions (Major repair works and routine works are done by zonal contract and special contract.).

The works are presently supervised by JE/W under the direct control of ADEN/AJJ to ensure the quality and quantity of work done.

In addition to the above, the staff is attending emergency calls based on complaints received and as per the inspection notes of the officers.

The number of complaints received and attended for the last three years (cumulative) is given as under:

Cumulative complaints for the past three years (plumbing, drainage, carpenter & brick layer) and their	2017-2020 (th	, ,
average.	Received	Attended
TOTAL	720	650
Avg./year	240	183
AVG./MONTH	20	15
Avg. /day	0.67	0.50

Of the above, most of the complaints, it is highlighted by SSE/Works/AJJ, are given orally over mobile phone with CUG facility. On seeing the above data, it clearly shows that all the complaints received were attended on that day itself.

Registers maintained at SSE/W/AJJ

- 1. Complaints register.
- 2. Water supply register.
- 3. Staff programs register.
- 4. Asset register.
- 5. Land boundary register.
- 6. Quarters service building inspection register.
- 7. Building register.
- 8. General imprest register and & water imprest.
- 9. SM book for periodical white wash and colour washing.

- 10. Stores: (a) DBR
  - (b) DBI
  - (c) Ledger
  - (d) Quotations
  - (e) challans, purchase order & local purchase.
- 11. Special work: (a) Each work—9 registers
  - (b) Zonal work registers.
- 12. Staff grievance register.
- 13. MCDO
- 14. Cement & empty register.
- 15. Pass/PTO registers.
- 16. Medical Register.
- 17. Leave, Absent, NHA, NDA & TA register.
- 18. Contract register.
- 19. Land Encroachment Register.
- 20. Land Lease Register.

SKSK

#### **CHAPTER - III**

#### **CRITICAL ANALYSIS**

As on date, in Senior Section Engineer/Works/AJJ Unit, 28 staff are working against the sanctioned strength of 38.

Most of the works viz., the repairs and maintenance of station, service buildings and staff quarters, cleaning of septic tank, drainage, removing and re-fixing of the existing coping slabs, water proofing of leaky roof surface, painting and white washing of building, etc., are being executed through zonal contract.

On an average of last three years, nearly Rs. 10.5 crores worth of work are outsourced either through zonal contract or special contract which clearly shows that almost all the activities in this section are done through contract and emergency minor work only done by departmental staff.

Out of 1281 quarters, 470 quarters are lying vacant & 330 quarters are condemned or proposed to be condemned.

This explicitly reflected to the present trend in occupation of quarters. Change of sophistication to essentiality in life style, lack of standard and provision, coupled with reduction in occupation of quarters, results in requirement of reduced labour cost.

The study team provided staff requirement on need basis for the present workload based on the allotment of petty works alone.

#### STAFF REQUIREMENT:

#### **BUILDING & PLATFORM MAINTENANCE:**

Plinth area of Residential Buildings, Station Buildings and other service buildings are converted into 'Equated Plinth area' by adopting the weightage described for each of them.

SI. No.	Category	Plinth Area (Sq.m)	Weightage	Equated Plinth area (Sq.m)
1.	Residential Building after deducting proportionate area of condemned/proposed for condemnation	43151.85- 11116= 32035.85	1	32035.85
2.	Service building	55461.5	0.7	38823.05
3.	Platform area (Covered)	123379	0.3	37013.70
4.	Platform area (Un covered)	56952.80	0.1	5695.28
	TOTAL			113567.88

As per the yardstick for maintenance of Buildings, one staff is required for every 1550 Sq.m including LR.

Total EPA of Building = 11, 35, 67.88 Sq.M.

No. of staff required = 11, 35,  $67.88 \div 1550 = 73.26$ **say 73 staff** 

The yardstick prescribed by Railway Board is applicable when all the works are carried out by the staff at Works Branch. The major works of service buildings, station buildings and residential buildings are carried out through the Zonal Contract. Maintenance works attended through Zonal Contract at various places in this jurisdiction is analyzed as detailed below:

a) Total amount spent on Zonal : Rs.10,50,00,000/-

Contract (exclusive of cost towards material supply) for the past 3 years 2017-2020

So, average amount spent per year:

Rs 3,50,00,000/-

b) Labour Cost for the above : Rs.1,40,00,000/-

works(40%)

Approximately 40% of the total amount is taken as Labour cost since, major works are carried out through Zonal Contract. The labour cost spent is converted into the labour cost of Railway staff (the labour cost for each work is available in Book of Schedule Rates).

The salary of Tech. Gr.III per year (Mean Pay

+ GP + DA w.e.f ( 01.07.16) : Rs.5,25,804

So, 1,40,00,000/525804 comes to 26.62

Therefore the annual cost of a Railway staff by : 26.62 **Say 27 staff** 

the way the amount of labour cost spent in Zonal contract is converted into number of Railway staff

Hence while calculating the requirement of staff for the maintenance at SSE/W/AJJ Depot, equivalent number of staff required working the Zonal Contract work are excluded from the total staff requirement, at this Depot.

# Net staff required for Building maintenance = 73 - 27 = 46 Staff ROAD MAINTENANCE:

The yardstick for maintenance of roads is for every 5 kms one staff is required including LR.

Total length of road = 50 kms

No. of staff required =  $50 \div 5 = 10$  staff

Therefore, No. of staff required for Road Maintenance = **10 staff** 

#### **PIPE LINE MAINTENANCE:**

The yardstick for maintenance of pipe line, 1 Artisan + 2 Helper Gr.II for every 10 Kms.

Total length of pipe line = 130 km

Therefore, No. of staff required =  $(130 \div 10) \times 3 = 39$ 

Therefore, No. of staff required for pipe line Maintenance = **39 staff** 

#### **DRAINAGE MAINTENANCE:**

As per the yardstick 1 Artisan + 2 Khalasis are required to maintain 5 Kms drainage pipeline.

Total length of Drainage pipe line =50 kms

No. of staff required =  $(50 \div 5) \times 3 = 30$ 

Hence, No. of staff required for pipe line Maintenance = **30 staff** 

#### **VALVEMAN:**

Nine valves at AJJ section are being operated and it was totally outsourced and the section is having 3 staff for emergency purpose and the work study team allowed it to continue.

Total Valve men required: 3 staff

#### **STORE WATCHMAN:**

Now a day, stores items are not supplied since almost all the activities are outsourced. So, the necessity of the store watch man will not arise. At present there is no watchman are working in this section. Watchman can be utilized from NA Khalasi if necessary.

However, the staff requirement arrived from 3.6.1 to 3.6.5 on the basis of yard stick will be provided only if the entire work done by the departmental staff.

But, as per the data provided by the SSE/W/AJJ it clearly shows that the above said works are totally outsourced done by either zonal contract or special contract.

So, minimum number of staff is provided in each category on need basis to manage emergencies.

#### **OFFICE WORK:**

The work study team allows the present OS/W/AJJ to continue to look after the office work.

Total Office clerk required: 1 staff

Now, requirement of staff based on yardstick:

SI No	Activity/Staff	Staff requirement
1	Building maintenance	46
2	Road maintenance	10
3	Pipeline maintenance	39
4	Drainage maintenance	30
5	Valve men	3
6	Office supdt	1
7	SSE+JE	2
	TOTAL	131

As per RB letter No 11-2019/SPMPS/yardstick/2 dated 30.06.202, the yardstick/norms of various O&M activities across all departments on the Railways stand reduced by 15% on as is where basis as an interim measure w.e.f. 01.07.20.

Requirement as per table 3.6.7=131

15% reduction=19.65 say 20

Revised requirement = 111

But, the sanctioned strength of staff is 38 only. Hence, the staff requirement is arrived based on need basis since most of the works are outsourced.

#### 3.7.0 **SUMMARY OF STAFF REQUIREMENT ON NEED BASIS:**

The section covers AJJ-RU,AJJ-CGL, EWS, AJJ station and quarters in this sections. So, manpower is arrived taking into the consideration of long stretch of section.

	TOTAL							
6	Painter	2						
5	Carpenter& Black smith	4

#### CHAPTER - IV

# 4.0 PLANNING BRANCH'S REMARKS ON CO-ORDINATING OFFICER'S VIEWS

- The draft work study report was sent through E-office on 08.12.2020 to the Co-ordinating Officer (ADEN/AJJ) to offer his remarks if any within 15 days.
- A reminder was also sent on 13.01.2021 to offer his remarks at the earliest of 18.01.2021.
- The remarks were not offered till date (02.02.2021). Hence, the work study report is released without the remarks of the Coordinating Officer.

#### <u>CHAPTER - V</u>

#### **FINANCIAL SAVINGS**

If the recommendation made in the study report is implemented, the annual recurring financial savings will be as under:

SI. No.	Category	Grade pay (Rs.)	No. of posts	Money Value (Rs.)	Annual Financial savings (Rs.)

#### Dy. Chief Planning Officer / MAS

SUB: Work study to review the staff strength at SSE/Works/AJJ in MAS Division – Reg.

REF: Lr.no. G.275/WSSR - 2222021/2090 - 20 dt. 25.08.2020.

..... & .....

# With Reference to the above the following details are given bellow:-

- 1. Sanction, Actual & Excess of the staff statement Submitted.
- 2. No. of complaints registered past 3 years 720 nos. Month Avg. 20 nos.
- 3. No. of complaints attended past 3 years 650 nos. Month Avg. 18 nos.
- Type and No. of Quarters (Occupation as well as Vacation) available station wise details are submitted.
- Special works and Zonal contract for maintenance past three years details are submitted.
- Platform area covered = 123379 Sqm. and uncovered area = 56952.80 Sqm.
- 7. Maintenance of road total = 50 Kilometres
- 8. Maintenance of water pipe line total = 13,000 m. Maintenance by Agency
- 9. Maintenance of Drainage pipe line total = 5,000 m. Maintenance by Agency
- 10. Provided valves station and colony total = 29 nos. Maintenance by Agency
- 11. Staff leave and sick of past three years Maintained by P.B OS Works/AJJ
- Maintance of registers Complaints, Staff distribution, DBR, DS -8, T&P, Water supply bills (ORH & All Municipality), staff pass and quarters registers.
- 13. Jurisdiction of the SSE/W/AJJ EWS, ELS, AJJ RU & AJJ CGL
- 14. Working hours under ADEN/AJJ. Not applicable
- 15. Other details Nil

#### GOVERNMENT OF INDIA MINISTRY OF RAILWAYS RAILWAY BOARD

No.11-2019/SPMPS/Yardstick/2

New Delhi, dated 30.06.2020

General Manugers, All Indian Railways/ PUs

Sub: Revision of Yardsticks/ Norms of various O&M activities on the Railways

Ref: Resolution of full Board Meeting dated

Consequent upon the directive from CRB in December, 2017, a comprehensive "Manpower Strategy Note" was issued to all Zonal Railways in May, 2018. Key component of this strategy was the revision of Yardsticks/Norms of various activities on the Railways. Board in its Meeting held on 28.12.2017 decided that manpower yardsticks for various O&M activities of all departments may be reviewed on account of technological inputs, outsourcing, changes in maintenance practices.

- 2.0 Accordingly, in May, 2019 Zonal Railways were advised to undertake a Zero Based Review of yardsticks for all O&M activities. Based on the inputs, the detailed views were given for concluding the revision of Yardsticks. Final view has already been given on Yardsticks for Civil Engg (Trackmen), Medical, Accounts and Commercial Departments. However, the same in r/o Civil Engg (Bridge & Works), S&T, Security, Stores, Operating, Personnel and other Miscellaneous Departments have not yet been finalized.
- Pursuant to the decision taken by the Board in its meeting held on 29.06.2020, it has been decided that the Yardsticks/Norms of various O&M activities across all Departments on the Railways stand reduced by 15% on as is where basis as an interim measure w.e.f 01.07.2020. This will however not be applicable to Electrical, Mechanical and Accounts Departments where the revised Yardsticks have already been issued in September 2019.
- 4.0 The final Yardsticks/Norms for each discipline will be communicated subsequently with the approval of Board on case to case basis. This interim reduction will automatically get superseded once the final revision of Yardsticks/ Norms are issued.
- 5.0 The PCPO and PFA of concerned Zonal Railway/PU may accordingly revise the Yardsticks/Norms of various O&M activities across all Departments (except Electrical, Mechanical and Accounts) and communicate compliance to Planning Directorate.

This issues with the approval of full Board (ME,MTR,MRS/MMM,MST,MT,FC&CRB).
