SUMMARY OF RECOMMENDATIONS & SUGGESTIONS

S#	Descriptions	Para Ref.
	<u>RECOMMENDATIONS:</u>	
1.	Considering the detail observation and critical analysis of all aspect, out of total sanctioned of 69 posts, the requirement of staff for Store department of WRS/R comes to 51. Thus it is recommended that 18 vacant posts [09 Ministerial, 01 Typist, 02 CDMS/DMS, 02 ADS and 04 GAS] are identified as surplus from store department of WRS Raipur and should be surrendered.	3.4.1
	<u>SUGGESTIONS:</u>	
2.	Mechanized machine with modern technology for material handling may be utilized for saving of more manpower and increase of efficiency.	3.4.2
3.	All Wards should be equipped with computers, printer and LAN connection to achieve paperless working.	3.4.3
4.	E-office working may be introduced in Store department of WRS.	3.4.4

CHAPTER-I

1.0 INTRODUCTION:

The study of Store Department under Wagon Repair Shop, Raipur has been undertaken to review the existing cadre strength in view of present workload, outsourcing of some activities, requirement of staff and optimum utilization of manpower.

The following methodology has been adopted for conducting the study:

- i. Collection of relevant data,
- ii. Examination of data/records,
- iii. Interaction with Supervisors and staff
- iv. Critical Analysis.

1.1 WAGON REPAIR SHOP/RAIPUR:

Wagon Repair Shop/Raipur is situated at Raipur, 7.5 Kilometers away from Raipur Railway station in Raipur Division of S.E.C. Railway located in Chhattisgarh. The WRS/Raipur is headed by Chief Workshop Manager assisted by Dy.CME, Works Manager, WPO and AFA. The workshop performs overhauling of BG Wagons, Diesel & Electric locomotive wheels, ICF wheels etc.

1.2 Brief History of Wagon Repair Shop, Raipur:

Wagon Repair Shop, Raipur is one of the Premier Workshops on Indian Railways planned to cater for repairs to different classes of Broad Gauge Wagons. This workshop is spread over an area of 222.86 hectares.

The First wagon was turnout in the month of July' 1968. During the year 1968-69 (from July' 1968 to March' 1969), 443 vehicle units, equivalent to 1115 FWU (Four wheel unit) was turned out. At present the target of wagon POH for 2020-21 is 6000 vehicle units.

The present trend is centered mostly on the overhauling of air brake stock of BOXN and its allied family of wagons along with few vacuum braked stocks like BOBS, BOX, BRH and BCX.

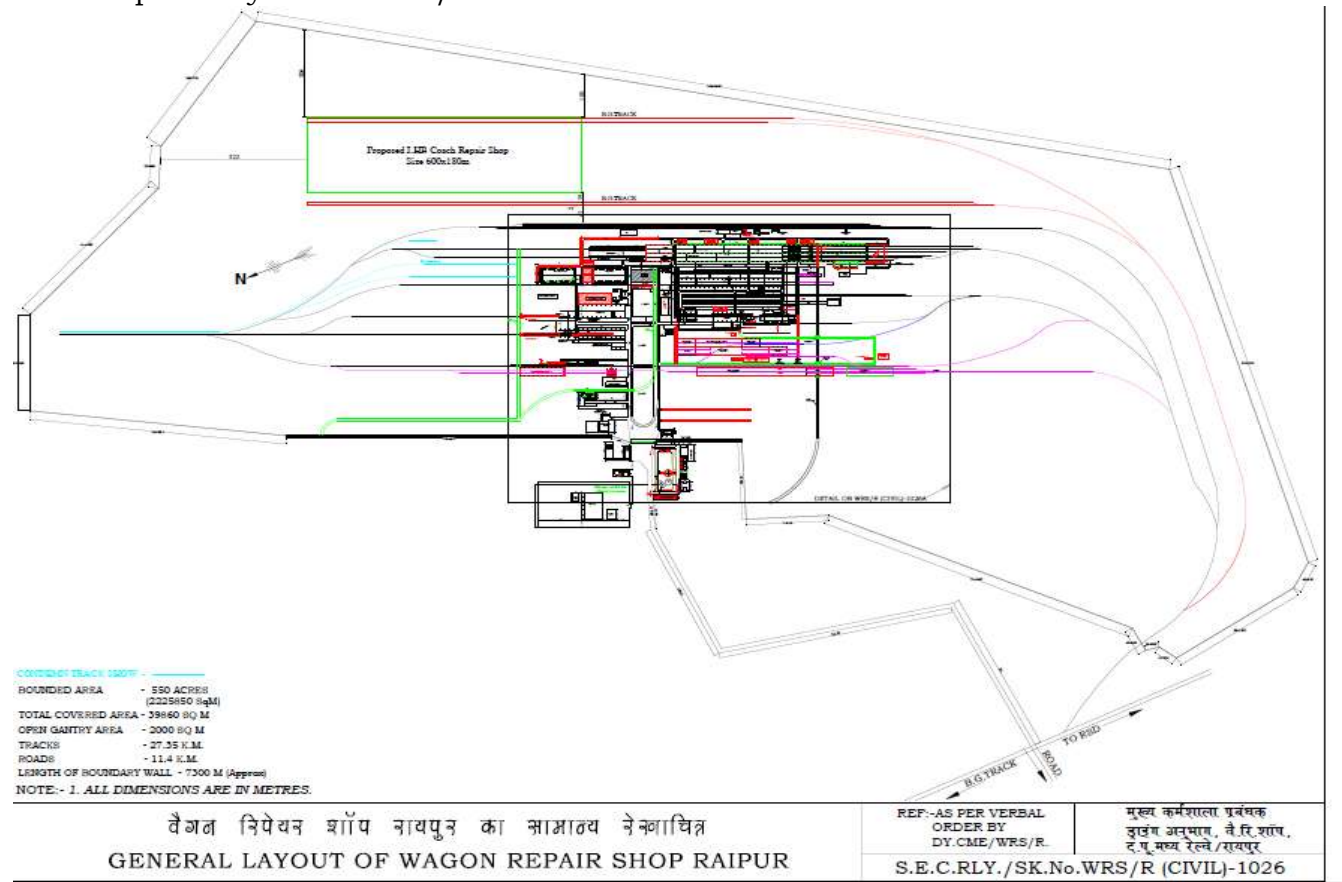

Apart from serving the interests of the IR with perseverance, dedication and excellence, the Workshop has been proving its role in catering to the needs of other vital industries like NTPC, NALCO, SAIL, MPEB etc., by providing them overhauled wheel sets and BOBRN wagons.

1.3 Present activities of the workshop:

1. Periodic overhauling (POH) of wagons & its components.
2. Rehabilitation of BOXN wagons.
3. Overhauling of BVZI wagons.
4. POH of diesel & electric locomotive wheels.
5. Retrofitment/Conversion of Single pipe brake system to twin pipe brake system.
6. Deposit Works of different PU & Privet units such as NTPC, NALCO, SAIL, BALCO etc.

1.4 Layout of WRS/Raipur:

The complete Lay-out of WRS/R is as below:

1.5 Sections/shops in WRS Store/R: There are 06 sections/Wards at Store department of WRS Raipur as follows.

S#	<u>Name of Section/Ward.</u>

1.6 Importance of Store Section

Stores depots play an important role in Railway's operations, maintenance and in-house production activities. Effective stores management ensures timely availability of essential items for efficient operations of the Railways with minimum blocking of capital by timely ascertaining the needs of stores and arranging such materials in the most efficient, economical and expeditious manner. The stock held in the Stores Depots may be either (a) Stock Items or (b) Non-Stock Items. Stock Items are further classified as (i) Ordinary Stores and (ii) Emergency Stores.

Stock Items: These are items of stores, which are frequently and regularly required. All stock items are given unique identification numbers called Priced Ledger Number (PL No) for easy identification and standardization across the Railways.

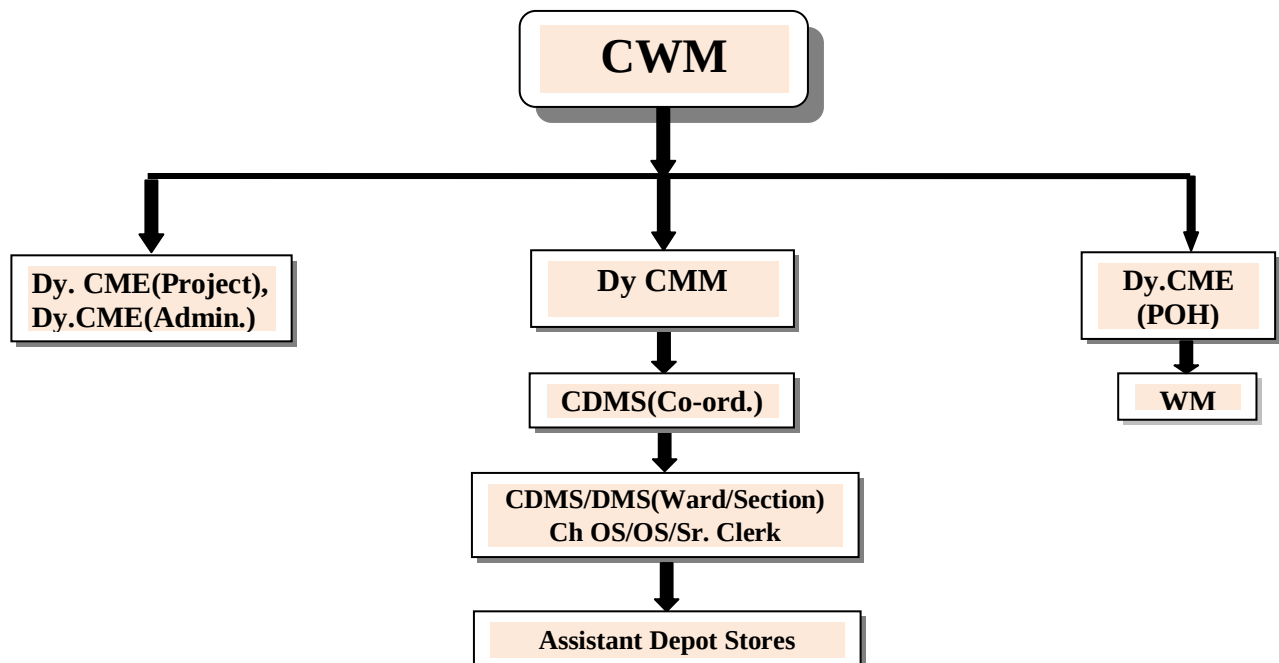

Ordinary Stores: These are items of stores for which there is a regular turnover caused by a constant demand and which are stocked by the Stores department in its depots.

Emergency Stores: These are items of stores which ordinarily do not wear out or require renewal but are not readily obtainable are kept in stock to meet any emergency due to breakage or unanticipated deterioration of such items. These are generally components of imported machines and rolling stock.

Non-stock Items: All items other than Stock items are termed as non-stock items.

1.7 ORGANIZATIONAL SET UP:

Organisation set up of Store department of WRS/Raipur is as follows:

8	B/Peon	01	01	01	00
Total		69	51	51	18

3.4 RECOMMENDATIONS & SUGGESTIONS:

On the basis of above observations and critical analysis, the following recommendations and suggestions are made:

3.4.1 Considering the detail observation and critical analysis of all aspect, out of total sanctioned of 69 posts, the requirement of staff for Store department of WRS/Raipur comes to 51.

Thus it is recommended that 18 vacant posts [09 Ministerial, 01 Typist, 02 CDMS/DMS, 02 ADS and 04 GAS] are identified as surplus from store department of WRS Raipur and should be surrendered.

Suggestions:

3.4.2 Mechanized machine with modern technology for material handling may be utilized for saving of more manpower and increase of efficiency.

3.4.3 All Wards should be equipped with computers, printer and LAN connection to achieve paperless working.

3.4.4 E-office working may be introduced in Store department of WRS.

CHAPTER-IV

4.0 FINANCIAL EVALUATION & RESULTS:-

Savings due to surrender of 18 identified surplus posts:-

Design.	Scale of pay	Level	No. of Post to be surrendered	Mean pay	Cost per Month per staff (Mean Basic pay+ D.A. @ 17%)	Total cost per month (in ₹)	Total cost per year (in ₹)
Ministerial	35400-112400	6	09	73900	86463	778167	9338004
