Sub:- Transfers in the event of curtailment of
cadre etc.

.....

It has been brought to the notice of the Board that the practice of transferring staff in the event of curtailment of a cadre varies from Railway to railway and even from division to division on a Railway. With a view to bring about uniformity in the matter, the Board desire that, as a general rule, the junior-most employee should be transferred first whenever any curtailment in a cadre takes place.

Please acknowledge receipt.
