**Sub : Sponsoring of Nursing staff for pursuing PG
Course (M.Sc. Nursing).**

During the course of discussion in the PNM/NFIR meeting between Railway Board and NFIF held on the 19th and 20th June, 2006 the staff side had raised a demand that nursing staff working in Railway Hospitals be sponsored for pursuing PG course (MSc Nursing). After careful examination of the matter it has been decided that the nurses who possess B. SC(Nursing) qualification and working in Railway Hospitals where tertiary level health care or very high secondary level care is provided, may be sponsored for pursuing PG course in Nursing.
