In this context, it is clarified that full reimbursement of expenses is admissible only in cases where the amount has been paid to the Government/Autonomous Body Hospital. In cases where certain component of treatment such as stents etc. is purchased from outside and procedure undertaken in Government/Autonomous Body Hospital, the reimbursable amount towards cost of the same will be limited to the rate prescribed by CHGS from time to time. However, the cost of procedure charged by the hospital will be reimbursed in full.
