iii. Railway Board Letter No. 2017/M(C)/138/2 dated 13.07.2022

In view of large number of punctuality loss cases due to failure of FIBA pipelines and related components, RDSO had issued detailed guidelines for modifications in FIBA pipeline vide letter under reference i above. However, Zonal Railways have indicated that this modification is not being carried out in coaches being turned out from Production units.

In this regard, following details has been received from ICF, RCF and MCF

PU's	Date since when modified FIBA pipelines are being fitted in all coaches	Total Nos. of Coaches turned out with modification till date
ICF	November 2021	1642
RCF	March 2021	1223
MCF	July 2022	0

It is also learnt that RCF has started provision of modified FIBA pipelines in Non AC coaches in 2022-23 only and MCF has not turned out a single coach with modified FIBA pipelines till date.

In view of the above, it is desired that all coaches turned out from ICF, RCF and MCF are provided with modified FIBA pipelines. Details of such coaches turned out from PUs with this modification may be advised to Zonal Railways and updated on CMMS.

CRIS is also advised to make provision in CMMS/WISE for updating data related to various modification advise issued by RDSO and PUs from time to time.

An action taken report may also be submitted to this office by 25.07.2022.
