No. 2021/M(C)/142/4(15)
09.10.2024

New Delhi, Date:

Director General
RDSO, Lucknow

Sub: Introduction of Pressurised Flushing System/ Electro- Pneumatic Pressurised Flushing System in Vendor Directory.
Ref: RB letter no. 2021/M(C)/142/4(15) dated 25.07.2024.

Pressurised Flushing Systems (PFS)/ Electro- Pneumatic Pressurised Flushing Systems (EP-PFS) have been proliferated in coaches over IR to improve toilets for a better passenger experience.

During Review meeting with Zonal Railways and MCF on 15.07.2024 regarding PFS/EP-PFS (Minutes of meeting issued vide letter under reference), the issues regarding design, warranty claims, non-standardization of components and maintainability of PFS/EP-PFS have been highlighted by Zonal Railways. It was reported that due to non-standardisation there are issues of reliability as well.

In view of the above, it has been decided that the vendor control and specification for PFS/EP-PFS should be transferred to RDSO.

Accordingly, RDSO is advised to include the above systems in its vendor directory and take over the specification for PFS/EP-PFS, and take necessary action for improving the design, reliability and maintenance of these systems.

The above issues with the approval of **Board (MTRS)**.
