Sub: New updates in Depot Infrastructure on CMMS
Ref: CRIS L.No. CRIS/HQ/PRJT/5/2022-CMM-Part(1) Dt 03.10.24

CRIS has implemented few modifications in the “**Depot Contact Detail**” Section of CMMS to allow depot users to record contact information for key personnel.

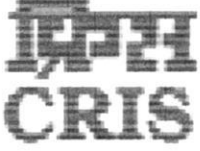

In this regard, it is advised that necessary instructions be issued to the respective depots of the Zonal Railway to fill the details in the updated Depot Infrastructure module of CMMS.

For information and further necessary action, please.

Sub : New updates in Depot Infrastructure on CMM
Ref. : RB letter no.2022/M(C)/141/6 Safety dt.12/09/2022.

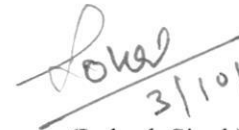

Apropos above, a few modifications have been incorporated in the Depot Infrastructure module of CMM, based on suggestions received from the Railway Board letter under reference.

Apart from the above modifications, another significant update is the introduction of the "**Depot Contact Detail**" section. This will enable depot users to record contact information for key personnel. Additionally, a designation option for the Rail-Madad Cell is also provided, which will facilitate the identification of officials managing onboard complaints, the SMS alerts for IoT devices will be sent to this number only.

Training has already been conducted and all these modifications have been demonstrated on 25/09/2024 through VC to depot users. Further, for any information/assistance, if required, CRIS officials may be contacted at 011-23379949 or via email at cmmadmin@cris.org.in.

Kindly issue necessary instructions to respective depots in your railway to fill the details in the updated Depot Infra module and also provide their valuable feedback for further improvements, if any.

This is for your information and necessary action, please.
