Ref. 1 above, ICF was advised to develop integrated Braille display for coaches. Vide ref. 2 above, ICF has informed that they have developed specification no ICF/MD/SPEC-253 for 'Schedule Of Technical Requirements For Manufacture And Supply Of Photosensitive Anodized Aluminium Stickers/Plate For Exterior And Interior Notices On Railways Coaches'. ICF is advised to circulate this specification to all the Railways and Production units. Railway and PUs are advised to plan for provision of such displays on coaches as per final specification developed by ICF.

RCF/KXH, RCF/RBL and ICF may prioritise provision of such displays on coaches which are despatched in the rake form and plan for its provision on all coaches in future. Production units may follow up on the performance of these displays and also seek response of visually impaired passengers or related blind associations for continual improvement in the specifications and drawings prepared by production units.
