No.2000/M(C)/141/8 Vol.-V

New Delhi, dt. 15.05.2017

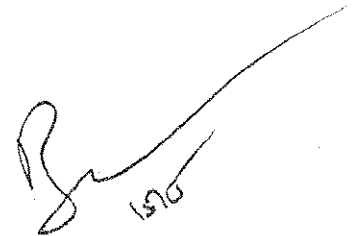

**Chief Mechanical Engineers,
All Zonal Railway.**

Sub: Supply of Inoculums to Zonal Railway.

During the recently held CMEs conference at Nainital on 5th & 6th May 2017, CME/SECR mentioned that there is an existing capacity of 35,000 liters of inoculums for bio-toilets per annum at Motibagh Workshop of SECR. Moreover, capacity enhancement to 70,000 liters per annum has been planned. He further mentioned that several Railways instead of obtaining their requirement through the in-house capacity available at Motibagh Workshop are resorting to Non Stock procurement of the inoculums.

In this regards, the Railway may send their yearly requirement of inoculums for 2017-18, keeping in view the proliferation of bio-toilets that is taking place. Based on the quantities submitted by the Railways and logistical considerations, a Railway wise quota of supply of inoculums through Motibagh Workshop shall be allotted to the Railways. Railways are advised to utilize the in-house capacity available at Motibagh Workshop, to the extent feasible.

An early reply is requested.
