

भारतसरकार GOVERNMENT OF INDIA
रेलमंत्रालय MINISTRY OF RAILWAYS
(रेलवे बोर्ड RAILWAY BOARD)

No. 2009/M(C)/137/1 Vol (i)

New Delhi, dated: 19.05.2017

**Chief Mechanical Engineers
All Zonal Railways**

ED/Carriage/RDSO

Sub : Unscheduled detachments at the Primary End for 2016-17

During the recent CMEs conference at held on 5th and 6th May, 2017, Nainital, MRS had desired that the Zonal Railways must strive to bring about a reduction in the ineffective % by at least 10% during 2017-18 as compared to 2016-17. It was also discussed that there is a lot of variation in the unscheduled detachments at the Primary end between the different depots and that efforts should be made to control this variation.

In this regard, data of the cause wise unscheduled detachments of ICF and LHB coaches at the Primary End at the major depots of each Railway for 2016-17 has been compiled for ICF coaches (Annexure A) and for LHB coaches (Annexure B). The summary of detachments per 100 coach holding per annum is placed at Annexure C. The depots that have a detachment % of less than 50% and more than 200% (for individual defects) / 150% (for overall defects on Mech./Electr. accounts) as compared to the IR average have been highlighted in Green and Red colour respectively.

A summary of the **Unscheduled Detachments at the Primary End per 100 Coach Holding for 2016-17** is given in tabular form in Annexure D. The main points evident from the Data Collected are summarized at Annexure E.

Each Railway should compare its performance against the benchmark Railways for different categories of detachments and study the good practices adopted by these Railways. Vide Board's letter No. 2014/M(C)/141/2 dated 09.05.2017, instructions have already been issued that, based on ICMS data as well as monthly data to be uploaded by the Railways on CMM, the performance of the ZRs shall be accessed on a Quarterly basis and shall be uploaded on CMM, so that each Railway may bench mark its performance against the other Railways.
