**Sub: Provision of Polymerized Floor Coating in coaches having SS  
inlay**

The provision of Polymerized Floor Coating (epoxy) in toilets is being deliberated at Board. In this regard, Zonal railways are requested to submit the feedback regarding the performance of epoxy flooring and their experience in repair / re flooring including the specification followed.

Further, CME/WR has informed that they have provided 3 mm moon rock finish SS inlay in one coach while retaining the pan with original drawing and with this they have been able to eliminate PVC flooring in lavatory area. The performance report of the same may be furnished by WR.

The reply of the zonal railways may be submitted to Board by 9.6.2017
