CORRIGENDUM

Sub: Marking of overhauling particulars of CTRB
Ref: This office's letter of even number dated 04/10/2017

In partial modification to the above referred letter, Para a) may kindly be read as under:

a) During POH, the end cap screws fitted by workshops should be fitted without any painting on their heads. This should ensure that any end cap with unpainted cap screws in service indicates that the CTRB is within the first ROH cycle after its overhauling.

Other contents of the letter dated 04/10/2017 shall remain applicable.

(AJAY NANDAN)
Exec. Director Mech. Enng. (Frt)
Railway Board

Copy:

1. ED (Wagon), RDSD : For inclusion of the above in G 81
2. ED/CAMTECH : For updating Wagon Maintenance Manual
3. NCO/IRCA : For ensuring compliance
