No. 2023/Safety(DM)/6/4

New Delhi, dated: 28.04.2023

The Director General,
Indian Railway Institute of Transport Management (IRITM),
Manak Nagar, Lucknow-226011.

Sub:- Training capsule for Safety Officers.

**Ref:- (i) IRITEM's letter No. IRITEM/Safety Course /2023 dated 27.01.2023
& 03.02.2023
(ii) This office letter of even number dated 16.02.2023.**

IRITM has organised the first training programme designed for safety officers, from 17th to 21st April 2023,. This course of 5 days duration covers topics relevant to safe maintenance and operation, accident inquiry, safety related inspections and IT based systems, technological tools to prevent accident etc. It is suggested that the course structure of training capsule should also cover following aspects:

- (a) Emphasis should be given on the case studies during the training. Good work/best practices based on their experience and initiatives adopted by different divisions be shared.
- (b) Some important accident inquiry reports should be discussed with the participants during the training and they should be encouraged to give their suggestion to prevent such occurrence in future.
- (c) Work site protection, asset failures, maintenance practices, critical safety failures of all departments should be discussed during the training so that Safety officers can focus on these items during discharge of their duties.

The course duration be enhanced from 5 to 6 days from next course onwards to covers topics in depth. IRITM may consider field visits/demonstrations early in the morning and may plan participatory sessions/case studies etc. in the evening in order to cover the topic in depth.
