

GOVERNMENT OF INDIA  
MINISTRY OF RAILWAYS  
(RAILWAY BOARD)

No.98/Safety/(A&R)/19/16.

Dated 20-01-2010

DG  
RDSO  
Lucknow

Sub:- Provision of Double Distant Signal to enhance safety in Train operations  
during foggy weather

Safety directorate had recommended provision of Double Distant Signal to enhance safety in Train operations during foggy weather as well as improve operational efficiency all year round. The matter was discussed in the Board meeting on 31.12.09. Board's views on the subject are reproduced below :

*"Board decided that action regarding provision of Double Distant Signal be taken based on RDSO's simulation results."*

A feedback on the status and the results of these simulation trials may be made available to Safety Directorate to process the case further.
