**Government of India
Ministry of Railways
(Railway Board)**

No.2003/Safety(DM)/6/3

New Delhi, dt. 02.08.2010

The Chief Safety Officers,
All Indian Railway,

Sub:- Coordination with NDRF Battalions .

A meeting was held between the officers of Railway Board and Shri K.M. Singh, Hon'ble Member NDMA on 26.07.10. Amongst others, DG/NDRF, senior Officials of MHA etc. attended the meeting.

The main focus on the discussion was pertaining to effective use of NDRF battalions to assist railway efforts in rescue, relief and restoration consequent to a major train accident. DG/NDRF brought out that their preparations and training is hampered by the fact that they have limited knowledge of the railway facilities available, as also of the features of the rolling stock used by the Railways.

A decision was taken to educate the NDRF officers and men by the Zonal Railways/Divisions on the following items:-

- *ARMV/ARTs – Commandant/NDRF located closest to the Divisional Headquarters may be called along with a few of his personnel to see the ARMV and ART which may be stabled at a convenient location for the duration of this demonstration. The equipment inside the ARMV/ART may be shown.*
- *Features of different types of coaches (AC and Non-AC coaches), other freight rolling stock, specially BTPNs and TPs used to carry inflammable products and dangerous Chemicals.*
- *Regular Coordination meetings may be held between the NDRF Battalion Commandant and the CSO's and the representative of the Division (DRM's or in his absence the ADRM/Sr. DSO). The first meeting be held within the next 2 months from now; thereafter regular meetings be held once every 6 months.*

During the above demonstration, NDRF personnel may be shown the emergency exit window in the coaches, safety valves in the wagons (BPTN & TPs) and the other structural details etc. Equipment available in the ART/ARMVs, specially cold cutting equipment in the ARMV and MFDs etc. may be demonstrated.

The latest update list of the telephone numbers of officers of NDMA and NDRF was made available during this meeting. This is being advised to the Zonal Railways in Annexure.

A report on the action taken on the above may kindly be advised.

Encl: As above

Kamlesh Gupta 2/8/10
(Kamlesh Gupta)
Adviser (Safety)
Railway Board.
