Hon'ble MR has desired that the DAR cases should be brought to a logical conclusion in a time-bound manner. Further, while dealing with the D&AR cases of officers working in Zonal Railways, PUs and Railway Institutes etc., it was observed that quite a few cases are not handled properly and as a result, there is delay in processing of the cases and when the cases are received in Board, a number of deficiencies are noticed and the cases are returned back from the Single Window of Railway Board.
