No. 2019/Sig/86th SSC

Dated: 10.12.2019

ED (Coord.)/Signal,
RDSO,
Manak Nagar, Lucknow.

Sub: Holding of 86th Signaling Standards Committee Meeting.

Ref: ED(Coord.)/Signal, RDSO's letter no. STS/C/86h SSC Meeting dated 10.06.2019.

Modernisation of Signalling & Telecom system on IR is a mission mode project for Indian Railways. RDSO has to play a pivotal role in the same. This includes development of new interfaces, system etc. along with upgradation of existing system & practices. Earlier, vide above referred letter, approval of Railway Board was given for certain agenda items for discussion in 86th SSC Meeting.

2. It is desired that the SSC Meeting may be held at the earliest.
3. Any new item in conjunction with modernisation plan which is to be included may be forwarded for approval of the Board for inclusion in the agenda. As a number of other initiatives in respect of modernization of Signalling have been taken by RDSO, these require discussion in SSC for framing up Standards for Indian Railways.
