Sub: Expenditure Efficiency: Action Plan for reducing wasteful expenditure
Ref: Note of CRB dated 16.12.2019.

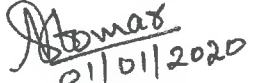

An Action Plan for reducing wasteful expenditure with strict timelines has been framed based on feedback received from Zonal Railways. The areas identified and their targets fixed, are as below:

SN	Items	Tentative Targets
1	A drive to be launched for scrap material to be removed from S&T Depots.	31.03.2020
2	All inventories of Signal & Telecom items, not used for past two years to be reviewed by each unit and either declared surplus for use by other units or correspondingly indented or ordered quantity to be reduced by same quantity.	28.02.2020
3	Critical review of all hired Telecom Circuits, Satellite terminals including landline phones to be done to limit expenditure.	31.01.2020
4	Make extensive use of in-house video conference facility for meetings, conferences limiting travel expenditure.	With immediate effect
5	Overhauling of point machines is expected to result in substantial expenditure reduction in point machines replacements. Overhauled point machines to be provided on less used yard crossovers. Overhauling centers to be established in every Railway with limited expenditure.	01.07.2020
6	As RE is getting commissioned in many sections, the spare generators from these sections to be utilized at other locations.	With immediate effect
7	Review of requirement of VHF sets and disposal of irreparable sets	31.03.2020

Railways may explore other areas of saving wasteful expenditure in addition to above mentioned and take necessary action for implementation.

Board be advised by 31.3.2020 about the financial savings achieved through these control measures taken by the Railway.

This is a PMO monitored item. Most Urgent.
