Sub: Empowering RVNL for approval of Logic & Interface circuits

Ref:(i) RVNL's Lt no. RVNL/S&T/14/Tech. Policy dtd 09.12.2024.
(ii) Board's Lt no. 2018/Sig/7/6-RVNL/1 dt. 09.02.2022

Vide letter under reference (i), RVNL has approached Board to allow for approval of logic & interface circuits of 15 block sections for the work of VZM-TIG 3rd line in ECoR.

In this regard, it is mentioned that vide ref (ii) above, guidelines are already issued to Zonal Railways to deal with such proposals. A copy of the referred letter is attached herewith which is self explanatory. RVNL may approach ECoR for disposal of the matter.

DA: As above

PCSTE/ECoR- For taking action w.r.t. ref. (ii) above and ensuring timely approval of circuits.

GOVERNMENT OF INDIA (भारत सरकार)
MINISTRY OF RAILWAYS (रेल मंत्रालय)
RAILWAY BOARD (रेलवे बोर्ड)

No. 2018/Sig/7/6-RVNL/1

New Delhi Dt. 09.02.2022

General Managers
All Indian Railways

Sub: - Approval of Application Logic and Interface Circuits for EI works.

During recent review meeting of projects with CAO/Constructions on 28th Jan 2022, some Railways highlighted approval of signal designs as one of the bottlenecks in timely delivery of projects. The matter has been examined in Board's office and following guidelines in this regard are issued-

1. Where Zonal Railways do not have sufficient capacity for design checking and approvals, the zonal railways may enter into contracts with approval of PCSTE / CAO/C for independent checking & verification of application logic and interface circuits through accredited license holders (like IRSE, IRSTELO) before final checking/ approval by Railways.
2. Alternately, contractors should submit designs after independent checking & verification by accredited license holders (like IRSE, IRSTELO) to Railways for final checking/approval.

This has the approval of Board (Member/Infra).
