1000 My dear Kapoor,

Sub:- Recent Supreme Court Judgment on VRS.

I am enclosing herewith a News Report which appeared in Hindu dt. 07.09.2006. This is an important judgment which recognizes the discretionary powers of the accepting authority in accepting or rejecting voluntary retirement requests under the relevant scheme. The report is self-explanatory. The contents of this judgment may be circulated among all the accepting authorities of the S&T Department, for them to know their powers under the said scheme. I am doing this since there is a widespread misconception that VRS, once tendered, has to be accepted as a matter of right.

DA: As above.

Yours sincerely,

V. Shanker
