Sub.: Inclusion of Bill of Materials (BoM) in the Online Vendor Directory (UVAM VD) for loco items.

References have been received in Railway Board, regarding inclusion of Bill of Materials (BoM) on the Online Vendor Directory (UVAM VD).

2. The matter has been reviewed in Railway Board and it has been decided that:
- (i) BoM of all items listed on UVAM, with Vendor specific versions, including archived BoMs, should be available on UVAM so as to ensure that the Railway Units are aware of the product being procured, tendered, accepted and during use.
 - (ii) BoM available on UVAM, and the archives of the same including vendor specific BoM, should be downloadable by authorized officials.
 - (iii) Any change in BoM whether technically significant or technically insignificant with or without financial repercussions should be recorded in the archives of UVAM. CRIS is requested to devise such a mechanism on UVAM portal.
 - (iv) The BoM may be allowed to be accessible and downloadable only by designated railway officials, i.e. concerned PHODs, TC members and concerned HODs of technical departments. PCMM of Railway Units may be empowered by CRIS to authorize a railway official to access and download the BoM from UVAM.
 - (v) Only vendor approving agencies shall be authorized to upload revised BoM. Any change in BoM shall be along with declaration on classification of change as to whether it is technically significant or necessary and whether with financial repercussions or without financial repercussions.
 - (vi) No change in BoM shall be permitted in a bid after tender opening date.
 - (vii) No change in BoM having financial repercussions or significant technically shall be permitted in a contract. Information about applicable BoM should be indicated in the Purchase Order/ Contract.

3. This issues with the approval of Railway Board (M/TRS)
