Sub.: Mandating procurement of certain items to unified PL No.

- Ref.: i. Railway Board letter no.: 2021/RS(G)/779/7 dated 16/12/2024.
(Annexure B)
ii. Railway Board letter No. 2001/RS(G)/779/7 Pt.2 dated 06/11/2018.
(Annexure C)

During a meeting held on 13/12/2024 (RoD at ref. i), it was decided that PL numbers for all items controlled by Wagon Directorate of RDSO are to be indicated in UVAM for better assimilation of data related to procurement. Post-implementation of the same, it was further decided that Railways shall procure items exclusively under the PL numbers indicated in UVAM.

2. In continuation to the above effort, 100 items listed on UVAM, have been identified for listing of unified PL Nos. and restriction of procurement on IREPS for those items only to listed PL Nos. The list is attached herewith as Annexure A.

3. It is requested to ensure, at the earliest, that the UVAM portal, indicates the unified PL no. for these items. The PL No. used for the item, by the nominated unifying Railway for PL unification, shall be used as the Unified PL No. for that item, in case already not done.

4. The required changes may please be implemented on IREPS and related portals at the earliest as necessary instructions in this regard were issued by Railway Board vide ref. ii. No procurement of these items shall be permitted on IREPS, using PL No. other than the unified PL No. listed on UVAM

Carriage Directorate-

Sr. No.	Item id	Item Description
1	3100204	Axle Mounted D Disc Brake System for LHB type BG 04 Mainline Coaches
2	3100341	Air Spring Assemblies for Coaches
3	3100396	Air suspension control equipment for air spring assembly system with ICF/LHB type Bogie
4	3100334	UIC-130 Pre-Sealed. Pre-Set and Pre-Lubricated Cartridge Taper Roller 02 Jearings (CTRB) for use on Coaches of LHB Design per FIAT Spec No 17:565 Partial Document 100 Ver. 01 and 17 565 Partial Document 103 Ver. 00
5	3100153	Air Spring failure Indication cum Brake Application(FIBA) 05 device
6	3100285	Dampers for LHB Coaches
7	3100426	Hot Coiled Cylindrical Springs for use in Suspension of I.R. coaches having FIAT Design Bogie
8	3100550	Supply, installation and commissioning & maintenance of "Automatic Fire detection cum Suppression System" (High pressure water mist system) for Pantry Car & Generator Cum Brake Van of Indian Railway Coaches (ICF and LHB Design)
9	3100549	Design, supply, installation, commissioning & maintenance of aspiration type automatic 1, Smoke / Fire detection with alarm system for Indian Railway AC coaches
10	3100596	Set of Rubber-Metal bonded Items for FIAT bogie
11	3100335	Electro Pneumatic Brake System for EMU, DMU & 03 MEMU stock of Indian Railways
12	3100325	Distributor Valve with Relay Valve for air brake system of Passenger stock on Indian Railways
13	3100337	Non Asbestos based organic Brake Pad for LHB Coaches 01 equipped with disc brake system on

		Indian Railways
14	3100299	Standardized Brake Disc for LHB Coaches
15	3100362	Scharfenberg Couplers & Draw Gear for Electric Multiple Unit Rolling Stock for Calcutta & Bombay suburban service. Broad Gauge 1675 mm
16	3100366	Direct Mounted Double Row Self-aligning Spherical Roller Bearings for use on ICF Typa All Coil Bogies for Passenger Coaches
17	3100211	Improved High Tensile Tight Lock Centre Buffer Coupler with AAR "H" 03 Type Head and Balanced Draft Gear For Fitment on Broad Gauge (BG) Passenger Coaches of Indian Railways
18	3100553	High Tensile AAR "H" type tight lock coupler with transition screw coupling for fitment on BG passenger coaches of Indian Railways
19	3100174	Spring Steel round for rolling stock
20	3100595	Control Arm Lower Left, Right & Top (Casting, Casting & Machining) for FIAT Bogie

Wagon directorate-

Sr. No.	Item id	Item Description
1	3100220	Bogie Mounted Brake System for freight stock fitted with Casnub Type Bogie (As per spec no. WD-23-BMBS-2008)
2	3100309	Elastomeric Pads
3	3100317	Upgraded High Capacity Draft Gear for BOXNHL/BCNHL Wagons

Copy to: PCMM/SCR for kind information.

Sub.: Record of Discussion held on 13/12/2024 at Railway Board amongst Railway Board, RDSO, CRIS and SCR regarding effective sharing of information on UVAM with RDSO.

- 1.0 A meeting was conducted on 13/12/2024, at Railway Board, with RDSO, CRIS and SCR regarding effective sharing of information on UVAM with RDSO.
- 2.0 List of participants is placed as Annexure-A.
- 3.0 The following points were deliberated and decisions were taken during the meeting:

3.1 Sharing of Warranty rejection information:

CRIS already provided information regarding warranty rejections to RDSO. RDSO confirmed to having access to the information it requested for creating certain additional filters on the data. It was informed by CRIS that linkage of Item ID on UVAM with Purchase Orders (POs) has already been started recently and data with ability to do granular analysis shall become available in due course, as new tenders can now be issued only with linkage with UVAM Item ID.

3.2 Enabling RDSO to access the details of Rejected Safety Items:

CRIS agreed to provide details of rejections during TPI inspection and receipt inspection of Safety items, as available on IREPS, to RDSO.

(Action: CRIS)

3.3 Portal for RDSO Inspection:

CRIS requested RDSO to provide user requirement to develop the RDSO inspection portal as directed by Railway Board letter no: 2024/RS(G)/709/8 (E 3462596) dated 26/06/2024 (copy enclosed). RDSO was requested to provide the same at the earliest.

(Action: RDSO)

3.4 Mandating PL Numbers in UVAM:

Difficulties in linking IREPS data across all Zonal Railways was discussed. Linking of Mother PL of a Safety item on UVAM with Child PLs of Safety items on UVAM was suggested as a solution to assimilation of necessary information regarding vendor performance by RDSO. Wagon Directorate of Railway Board was amenable to the idea of mandating PL Numbers for all items in UVAM, which are controlled by Wagon Directorate. CRIS was requested to undertake the necessary modifications to the UVAM portal.

(Action: CRIS)

Post-implementation, it was decided that Railways shall procure items exclusively under the PL Numbers indicated in UVAM.

(Action: Railway Board)

3.5 Provisions in UDM regarding DP Amendments:

CRIS was requested to introduce the requisite provisions in UDM to enable users to view all amendments related to Delivery Period (DP) extensions in contracts finalized for their respective Railways.

(Action: CRIS)

3.6 Updating AAC in iMMS:

The existing system prevalent at SCR was discussed in detail. The issues highlighted by CWM/SCR were not related to CRIS system but to administrative procedure at SCR. Railway Board to discuss the matter with SCR separately.

(Action: Railway Board)

Sub: Inspection of cast wagon bogies and its assemblies.

Ref: Railway Board's letter No. 2024/RS(G)/709/8 dated 25.06.2024.

Please refer to Board's letter under reference (copy enclosed) directing inspection of cast wagon bogies and its assemblies to be performed by RDSO. In order to operationalize the referred instruction and supplement the Third Party Inspection portal, CRIS is requested to take action as per the following:

2.0 Problem Statement:

- i. RDSO presently maintains an independent inspection portal. The inspection related data generated by RDSO needs to be integrated with UVAM, IMMS, UDM and IREPS for better appreciation of available information.
- ii. Post implementation of Third Party Inspection (TPI) policy, the provision of super checks of the inspections, as available in the TPI contract, being carried out by TPI agencies is yet to be operationalised on IREPS.
- iii. RDSO, being a vendor approving agency for safety critical items, is required to conduct periodic testing of certain items, to ensure compliance of quality assurance plans. Prior to implementation of TPI policy, RDSO was inspecting the material against the regular contracts and was thus able to monitor the quantities of items manufactured and supplied to Railways. However, since now RDSO does not take up the inspections, it does not currently gather information necessary for planning periodic testing. Therefore, there is a need to intimate RDSO, for all Category II items, where RDSO is mandated to conduct periodic testing, of the progress of manufacturing and supplies by approved vendors.

3.0 In view of the above, CRIS is requested to develop an inspection portal, for inspections conducted by RDSO, on IREPS platform, with complete roll out within 1 year from the date of issue of this letter or earlier, with following facilities apart from usual inspection facilities:

- i. For all category II items, which require periodic testing, RDSO should be able to monitor the quantities supplied by each vendor.
- ii. Allow for advance inspection call to be raised by contractor for supplies of sub-components from sub-vendors, without any confirmed order from Railways. The inspection certificates issued for such testing should be finally linked with the final inspection of the assembly, against an order for the assembly placed by Railways.

Contd.) -

- iii. The detailed data sheet of the testing should be available in data form on IREPS for the inspector to fill so that the data should be available for post analytics.
- iv. There should be complete linkage between inspection portal and other relevant portals like IREPS, UVAM, IMMS, UDM and IPAS.
- v. Inspection by RDSO for private wagon manufacturers (for components to be used for manufacture of wagons) may also be routed through the same portal, including advance inspection requests for components/ sub-assemblies.
- vi. Once all the data sheets have been developed and made functional on IREPS, procuring entities may use the data so generated to develop a Process Inspection Order, to be used for process inspection to be carried out by TPI, in the long term.

4.0 Super checks, by RDSO, of inspection carried out by TPI for category II items is considered essential to ensure quality inspections. CRIS is requested to provide for randomly allocating super check of such inspections to RDSO. Super check of an inspection shall include any or all of the following:

- i. Witnessing inspection conducted by TPI at the premises of contractor.
- ii. Sampling and testing by RDSO apart from the one done by TPI from manufacturer's premises either before or after issue of inspection certificate.

5.0 This is issued with the approval of Railway Board (MTRS).

6.0 This letter is in super-session of earlier Railway Board letter No. 2024/RS(G)/709/8 (E3462596) dated 18.06.2024, on the same subject, issued by this office.

Sub: Inspection of cast wagon bogies and its assemblies.

Reference has been received by Board from Eastern Railway highlighting problems pertaining to Third Party Inspection (TPI) of CASNUB-22 HS Bogie (bogie).

2.0 The matter has been deliberated in Railway Board and it has been decided that inspection of all cast wagon bogies and its assemblies shall be conducted by RDSO only, till further orders. The tender document and contract shall reflect that inspection shall be by "Consignee." It shall also be clarified therein that "inspection by consignee implies that the inspection shall be done by Railway agency, i.e. RDSO at firm's premises as per RDSO's approved Quality Assurance Plan." Existing contracts may be amended, by procuring entities, to reflect above change.

3.0 This is issued with the concurrence of Finance Directorate of Ministry of Railways and approval of Railway Board (MTRS).

Sub: Ordering on approved sources.

Railway Board has inter-alia issued instructions about ordering on sources approved by nominated agencies for various safety/ vital items. Subsequent to unification of PL numbers of safety/ vital items, across Indian Railway Units, all the nominated vendor approving agencies shall indicate PL numbers, in vendor directory, of the items appearing on their vendor directory. Nominated vendor approving agencies shall ensure the same in the vendor directories valid from 01/01/2019 onwards.

Vendor Directory published by the nominated vendor approving agency shall be valid only for those items, after 01/01/2019, whose PL number is incorporated in the vendor directory.

This is issued with the approval of competent authority (DG/RS).
