A COMPENDIUM OF STATISTICAL INFORMATION ON MATERIALS MANAGEMENT- 2023

ISSUED BY STORES DIRECTORATE

PREFACE

Compendium of Statistical information on the performance of the Materials Management Department on the Railways was first brought out in the year 1977.

The compendium was welcomed by all and was found to be extremely useful in the Railways to readily obtain the vital statistics on Materials Management. Further healthy competitive spirit was generated all round, apprising the staff at all levels towards better productivity.

The compendium has since been published every year and presents an account of responsibilities and results by the Materials Management Department, in fulfilling the prime objective of maximum service with minimum inventories.

All suggestions for improvement of the Compendium are welcome.

INTRODUCTION

The efficiency of a management particularly, in a vast organization like Railways largely depends upon the effective utilization of resources viz. men, materials money and machines. Of these, money and materials, are to a substantial extend managed by the Stores Department. It has been well recognized that efficient information system that monitors the utilization of resources is so vital to an undertaking that it can be considered as the fifth resource.

This booklet attempts to bring in the vital information that will project realistically the work done by the Materials Management Organization (the Stores Department) on the Railways and presents a comparative picture of the growth over the last few years. The far reaching changes that have been brought about in this department in the procedures, methods of management and its efficiency have been demonstrated through this compendium.
