20.06.2025 at Rail Bhavan, New Delhi.

Present:

RAILWAY BOARD: AM/RS, EDME/PU&W, EDRS(RS), DME/Traction, DRS(M) & DRS (W).

RAILWAY UNITS: CMMs/DyCMMs of Zonal Railways & Production Units.

PLANTS: PCMM/RWF, PCME/RWP, CME/planning/RWF, CWM/FWP,
CGM/SAIL/DSP, and DGM/MSF.

1.0 Railway Board:-

- Supply position of various WTA items remained satisfactory during 1st quarter from all units. PUs/ZRs have sufficient stock of critical items like LHB wheels and Locomotive wheels as adequate supplies are forthcoming from imports, in addition to FWP and SAIL.
- Being critical item for production and maintenance, revised production programme has been issued by PU directorate incorporating planning of 16,000 LHB axles on RWF for FY 2025-26. Accordingly, RWF may plan to manufacture around 4000 LHB axles in 2nd quarter. Supplies of LHB axles will also be supplemented by M/s MSF and M/s Bonatrans.
- RWF informed that action for procurement for blooms of LHB axles has been initiated and they will dispatch around 3000 nos in 2nd quarter. They further requested RB to advise SAIL to give blooms to RWF on priority.
- Supply position of Box N Axles remained critical despite various efforts. First lot of 6028 nos. dispatched in third week of May from China, are expected to reach at Mumbai Port during second week of July. Second lot of 6028 nos. have also been dispatched in this month, which are expected during mid of August. Third lot of 6028 nos. are also under inspection and expected to dispatch in early July.
- Global tender for VB wheels has been opened in Board to cover the indents of ICF, MCF and RCF. As of now, sufficient stocks of both TC and MC are available in ICF. M/s SAIL has also developed VB wheels and will supplement supply during Q2 till the imported wheels are received.
- M/s MSF is advised to enhance production of axles to minimum 3000 nos. per month and to dispatch axles as per quarterly allocation. During Q2, MSF is advised to dispatch axles, especially LHB axles on priority as per allocation by RB.
- EDME/PU&W has emphasized that demand submitted by Zonal Railways for ICF coach wheels and axles seem to be on much higher side in comparison to their requirement of maintenance based on coach holdings. CMMs presents in the meeting informed that demand of these items are being sent by Store department as advised by the concerned user department.

Di Verna

- Due to inventory of Box N wheels, RWF requested for advance allocation of Box N Wheels in 2nd quarter and, quantities may be reduced in subsequent quarter of FY 2025-26 accordingly.
- RWF informed that they are not getting sufficient scrap from Zonal Railway. Being critical item for both production units, Zonal Railways were advised to actively coordinate with both RWF and RWP and dispatch WTA scrap on priority as per their requirement.
- M/s SAIL has informed that they have started supply of wheels in standardized packing to ensure safety during transportation and unloading.
- SAIL was advised to improve compliance of Wheels & Axles allotted in Q2. M/s SAIL have been advised to comply WTA allocation, especially items like VB wheels, WAP-5 & WDG-4 loco wheels which are only supplied by SAIL.
- As per projection given by various zonal railways and PUs, the requirement is broadly estimated for the 2nd quarter as:

(i) Cast Wheels	-	29445
(ii) Forged Wheels	-	27095
(iii) Axles (Loose)	-	21794
(iv) Wheel Sets	-	30000

2.0 RWF:-

- RWF sought additional allocation of Box N wheels for liquidation of excess available inventory.
- RB is requested to ensure uniform and regular supply of about 4000-4500 BOXN axles from trade per month in FY 2025-26.
- Requested RB to ensure adequate supply of WTA scrap to RWF from Zonal Railways.

3.0 RWP/Bela:-

- RWP informed that expected dispatch of ICF coaching wheels and EMU wheels will be 1099 nos and 4388 nos respectively up to 30.06.2025.
- Requested to advise zonal railways to send WTA scrap on priority.

4.0 FWP/MCF:-

- Requested to allocate around 12000 LHB wheels to Railways.
- Informed that they will dispatch WDP-4 wheel as per critical requirement of Railways.

5.0 SAIL/DSP :-

- It was informed that they have started supply of the wheels in proper packing conditions to Railways.

elven

- They will improve the dispatch of critical items like VB wheels, loco wheels and ICF axles in Q2.
- Informed that they will supply the wheels and axles uniformly during the quarter.

6.0 M/s MSF :-

- They informed that payment of LHB axles already supplied by MSF is still pending with many Railways.
- MSF informed they are dispatching various types of axles to Railways in accordance with quarterly allotment.
- MSF informed that Wheel and Axle assembly facility will be established at MSF by July 2025 with daily capacity of 50 sets.

7.0 After the deliberation, the following actionable points emerged:-

- RWF is requested to supply LHB axles in 2nd quarter as per allocation from Railway Board. Being critical item and insufficient indigenous capacity available, RWF may plan to manufacture LHB axles to the tune of around 4000 nos during Q2.
- M/s SAIL was advised to improve the compliance of dispatch of WTA items, especially VB wheels and loco wheels which are solely manufactured by SAIL.
- NFR has submitted requirement of Narrow Gauge (NG) wheels with different drawing. Being small quantity, NFR was advised to coordinate with M/s SAIL and NR for unification of drawing to get NG wheels or to float local tender to arrange supply through trade.
- M/s MSF is required to supply all type of axles in Q2 strictly as per allocation given by Railway Board. All Railways are advised to sort out the issue of pending payment of MSF on priority.
- In regard to over projection of quarterly demand of ICF chg wheels and ICF axles by Zonal Railways, EDME/PU&W mentioned that this matter will be taken up separately with concerned CWEs/CWMs of Zonal Railways for realistic projections.
- Railways are advised to ensure adequate supply of WTA scrap to RWF and RWP.

8.0 All units i.e. RWF, RWP, FWP/MCF, M/s MSF and M/s SAIL are requested to send monthly position of dispatch of various WTA items invariably to mail drsmrb2020@gmail.com by 1st week of every month.
