16. **Direct Demanding Officers :**

- (a) The officers of the Railways authorised to issue supply-orders from time to time may place supply-orders directly against this contract. Orders from these officers should be complied with as soon as they are received. No confirmatory orders will be placed by this Ministry in such cases. The quantities that can be ordered by various Railways against this running contract will be restricted upto those shown in Annexure- I.
- (b) While placing the supply-orders, Railways should invariably follow the instructions contained in Annexure-III and furnish the detailed information as indicated in Annexure - IV.
- (c) The schedule of despatch containing name of the indentors, indent number and date and the qty of the stores to be supplied are given in the Annexure - I.

17. **Paying Authority:**

The respective PFAs of Zonal Rlys. & Production Units will make payments for all dispatches made for supplies of stores.

18. **Payment Terms:**

- 18.1. As per IRS conditions of contract para 2300 with documents mentioned therein. The firm's bills shall be accompanied with original despatch documents which after payment will be forwarded to the respective consignees. However, a photocopy of despatch documents should be directly sent by the supplier to the respective consignees immediately after despatch of goods.
- 18.2 Contractor to give consent in a mandate form for receipt of payment through ECS/EFT.
- 18.3 Contractor to provide the details of Bank A/c in line with RBI guidelines for the same. These details will include Bank Name, Branch Name & Address, Account type, Bank A/c No. and Bank & Branch Code as appearing on MICR cheque issued by bank.
- 18.4 Contractor to attach certificate from their bank certifying the correctness of all above mentioned information (as mentioned in Para 20.3 above).
- 18.5 In case of non-payment through ECS/EFT or where ECS/EFT facility is not available, payment will be released through cheque.
- 18.6 In case the deliveries are made through supplier's or their contractors' lorries, the bills will accompany copies of the contractors' delivery challans duly receipted by the consignee alongwith inspection certificate. Receipted delivery challans to be signed by respective Rly. Consignee(s).
- 18.7 No adjustment/reduction in payment of firm on any account other than purchase from oil companies will be applicable, which mandates that such adjustments/deductions would be only after authorization from Railway Board.

19. **Inspection of Suspected Supplies at Destination:**

If the consignee at destination on testing the product finds it below or off specification, he may book the same back to firm's nearest/nominated depot without the firm incurring any demurrage for any detention at the Railway's consignee premises and without waiting for the arrival of firm's representative. However, in such cases, Railways must intimate firm's nearest nominated locations telegraphically or over the telephones about re-booking of the tank wagons and forward Railway receipt duly endorsing it in firm's favour. This should apply in respect of those tank wagons which are received by the consignees with seals intact. The consignee will furnish his laboratory test report in respect of each wagon rejected by him to the firm in support of such action.

20. **Transit Insurance:**

The purchaser will not pay separately for Transit insurance. The supplier will be responsible till the entire stores contracted for arrive, in good condition at destination & liable for any shortage, damage or deterioration in terms of Clause 1501 of IRS conditions of contract.

21. **Weights and Measures :**

Weights/Measures as shown in the delivery/despatch documents shall be subject to Clause 22 i.e. Transit Risk.

22. **Transit Risk:**

- i) The firm shall be responsible and liable for any shortages, damages or deterioration to the consignment in transit if the same is to be carried in their own or contractor's trucks/tanks/lorries to the destination.
- ii) In case of rail consignments, the firm shall be responsible and liable for such shortage, damage or deterioration only if the consignment has been booked under "said to contain RR" as a full wagon load and the Railway seals of the wagons are found intact at the destination station. In that case a notice is to be served on the supplier by Regd. post indicating the date of the seals of the wagons being found intact and the details of shortage, damage or deterioration, as the case may be, as early as possible, but in any case before the expiry of 30 days from the date of taking delivery from the Railway.
- iii) In all other cases of rail consignments, the firm will not be responsible and liable for any shortage, loss, damage or deterioration occurring in transit and the matter will be taken up by the consignee expeditiously with the concerned Railway Administration.

23. **Temperature Variation Allowance (T.V.A)-**

TVA is allowed with co-efficient of expansion/contraction as 0.72 ltrs/degree centigrade/KL subject to the following conditions:

- (i) Firm certifies on invoice that billing is done for the volume at 29.5 degree centigrade.
- (ii) The coefficient of expansion/contraction adopted is as per the standard specification.

To mention on the face of the invoice which should be duly signed by Driver & Loco Shed authorised representative			
		Case 1	Case 2

*Case 1 – TVA is added in case unloading temperature is less than Standard Temperature.

*Case 2 – TVA is deducted in case unloading temperature is more than Standard Temperature.

2. For the calculation in the above format Oil Companies to put in rubber stamp on the invoice itself wherein A & B to be filled by Oil Companies and other observation/ calculation are to be filled in by Railway Consignee.
3. Calculation as per above formula is to be countersigned by the driver of the tank lorry with his name along with the Railways authorized Gazetted officer on the face of the invoice itself.
4. The payment should be made for the net accountable quantity as per calculation certified on the invoice by Railways Gazetted officer and no separate calculation is required to be submitted by Oil Companies.

24. Procedure for recording shortages in case of deliveries by tank lorries:

In case shortage is observed the product level in the compartment(s) would be brought up to the certified dip level by adding the product in that Compartment and the actual shortage arrived at by such topping up process separately for each Compartment by following procedure:

- i) Place tank Truck on a level ground.
- ii) Check up dips of each Compartment.
- iii) Record the shortage separately Compartment-wise, by adding product in the Compartments, where the dip level is less. The quantity required to bring the product upto the correct dip level, will be the shortage in that compartment.
- iv) Compartment wise shortage will be recorded on all copies of the Challan and Tank drivers' signature obtained on the same.

25. Progress Report:

The contractor shall as per clause 2000 of IRS conditions of the contract furnish to the Director Railway Stores (M), Railway Board, Rail Bhavan, New Delhi by 10th of every month, monthly Statement (preferable on a floppy on a 'Excel work-sheet') showing the supplies made during the preceding month. A nil statement should be submitted if no supplies are made in a particular month. Copy of each of the report should also be endorsed to the paying authority and the controller of stores of each consignee Railway.

26. Acknowledgement:

Please convey your unconditional acceptance as in proforma indicated in Annexure-V addressed to the President of India through Director Railway Stores (M), Ministry

of Railways (Railway Board), New Delhi endorsing a copy of the same to the paying authority. A copy of the contract duly signed on your behalf by an authorised person(s), with your seal duly witnessed by two persons on each and every page (including all annexures), duly initialed should be returned for record within 15 days of receipt of this letter.

2. Free bulk storage-cum-dispensing facilities (applicable for supplies in Bulk only):

Free bulk storage-cum-dispensing facilities will be provided/maintained by contractor, free of cost. After the supply of specified quantity of Branded Crank Case Oil for Diesel Locos, this facility will become the property of Railways without any further binding to use this facility for storage of only that company's product, which has provided the bulk storage facility.

3. Maintenance of Bulk storage and dispensing installations

Firm on whom Running Contract will be placed will undertake the proper maintenance / repair of the storage and dispensing installations / facilities including change of tank if necessary at their cost to the entire satisfaction of the consignees. Such maintenance will also include their replacement/renewal of accessories like motors, pumping units, impellers, valves and spare parts of the flow meters in the event of their normal wear and tear. The Zonal Railways, however, shall ensure the

safe handling of the equipment and avoid any damage and loss due to negligence, theft etc.

- a) The Railways would prefer allocation to the firm at such locations from where supplies are being drawn by virtue of having provided bulk storage & Dispensing facilities or have been traditionally supplying for the past many years or have agreement for the supplies.

However, Railways can allot such RCDs which are free from assured off-take guarantee to any of the firm as deemed fit with provision of adequate safeguard by taking an undertaking of long term maintenance of RCDs alongwith a covering bank guarantee of 8,25,000/- for tankage upto 140 kl and Rs.575/- per kl for additional tankage, so as to cover the major repair expenditure if firms do not attend the RCDs properly due to short term business consideration.

- b) In the event of inadequate maintenance by a firm or refusal to do so, the Bank Guarantee can be forfeited by the Zonal Railway.

4. **Storage Stability:**

The supplier shall furnish following storage stability certificate in lieu of warranty. 'The various grades of Branded Lube oils offered by us through indigenous blending/manufacture are guaranteed to be suitable under normal storage conditions for atleast 12 months from the date the product is offered for inspection and will not show any signs of separation of ingredients or stratifications or loss of performance properties. It may, however, be mentioned that since these lubricants are additive bearing products, as per currently accepted trade practice, these lubricants must be stored in and every precaution should be taken to avoid contamination with water etc. during the entire period of storage. While the above stipulations will apply for all lubricating oils supplied through indigenous blending/manufacture, it is to be noted that sensitive products e.g cutting oils, transformer oils etc. should always be stored under cover. In the case of lubricants supplied through indigenous/blending manufacture, the following certificate maybe furnished. We assure a storage stability of 6 months from the date the lubricants is stored in covered warehouse only with adequate protection from exposure to extremes of climate, exposure to rain and increase of seepage water. In case the user finds any problem through use of the lubricating oils supplied by -----

--- due to inadequate storage stability under normal storage conditions as defined above, then the supplier take the responsibility of replacing such stocks free of charge at the concerned consignee's end'.

Whilst providing the above mentioned storage stability certificate for different batches of lubricating oils supplied by the supplier to the Railways.
