The General Managers,
All Zonal Railways & PUs.

Sub: Accountal of Class III material in disposal of scrap.

It has been observed that there is a practice in Railways that Class III material is being given by Engineering Deptt. to other agencies like RVNL, IRCON, any PSU, etc.

As per Para 2330 (b) of Stores Code, " *Direct sale of "Overstocks" and Surplus Stores may be the direct sale of such stores of all classes, including scrap sales to other departments of the railways, other railway and other Government Departments* ".

In view of the above, it is directed that the requirement of agencies like RVNL, any PSU & other Government Departments be met through, booking instructions for handing over material after finance vetting and approval of CTE of Zonal Railways. Details of such booking instructions, like, weight, location, etc. be given to Stores Department for issuing the sale release order and reflecting the progress in scrap sale.

The rate should be determined as per Para 2331 of the Stores Code (Vol II).

Weighment, deliveries, etc. should be witnessed by the Stock Verifier.

This issues in consultation with Engineering Directorate and with the concurrence of Finance Directorate, Railway Board.
