**Sub: Provision of Electronic Weighing Scales - Amendment to
Para 2430 of Indian Railway Stores Code reg.**

The SAG Committee on Scrap disposal has observed that Mechanical Weigh Bridges were prone to frequent break-down and were also more amenable for tampering. On the recommendation of the Committee, Board has decided that the existing mechanical type weighing bridges be converted into/replaced by Electronic Weighing scales for weighing of non-ferrous scraps within a period of 12 months from the date of issue of this letter.

Taking into account the above, Para 2430 of Indian Railway Stores Code (Vol.- II) (Revised Edition -1990) is hereby amended as per Advance Correction Slip No.04 enclosed.

Railways are advised to take suitable action accordingly.
