Sub: Disposal of Scrap

.....

Hon'ble MR in Budget speech for 2004-05 has
stated as under:

" Indian Railways sell approximately 10 lakh tonnes of metallic
scrap every year. Hon'ble members have, from time to time, expressed
concern about the malpractices in such scrap sales. I have now decided
to explore the possibility of in-house utilisation of this scrap by recycling
it, instead of selling it to outside parties, subject to detailed examination
of the logistics, cost benefit analysis etc".

In view of the above announcement by Hon'ble MR, a committee
of SAG officers have been constituted to examine the possibilities of in-
house utilization of this scrap by recycling it. Pending the
recommendations of the committee, Board has decided to take following
action:

1. Cast iron scrap, Condemned Rolling stock, Non-ferrous
& non-metallic scrap and Turning and boring, which has a
very short shelf life, should continue to be sold.

Railway Board, New Delhi.

2. For other scrap, each Zonal Railway/PU should create facilities for their storage, till the committee formed for this purpose gives its recommendations, suggests the usage and a final view is taken.
