Sub: Wrong charging of 40 feet container by the system

Please refer to FOIS' letter No.CAO/FOIS/TMS/Rly.Ref/Pt-I/2011 dt.01.11.11 on the above mentioned subject. *Inter alia* referring to Board's letter No.2007/TT-III/73/8 dt.01.07.2008, FOIS has mentioned that the system is charging 40feet loaded container at 1.8times the rate notified for a TEU upto 20T irrespective of the fact whether gross weight of the loaded container is more than 20T.

The matter has been examined. Attention is invited to **Note (3)** of **Rate Table** annexed with Board's Letter No.2007/TT-III/73/8 dt.01.07.2008, which clearly stipulates that rates for 40 feet containers will be 1.8 times of the rates for a TEU and the **Rate Table** prescribes 'Haulage Rate per TEU for loaded container' in three slabs namely 'upto 20T', 'above 20T & upto 26T' and 'above 26T'. Thus, as per extant instructions, the rates for 40feet containers will be 1.8 times of the rates for a TEU in their respective weight category.
