<td></td>
</tr>
</tbody>
</table>

Demurrage, Wharfage, Stacking, Stabling, Detention and Ground Usage Charges are levied after expiry of prescribed free time to ensure smooth flow of freight traffic.

As Railway need to continue efficient transportation of essential services, it is critical to load and unload in due time, and make the stock available for next loading, the guidelines regarding free time and penalty charges have been reviewed.

The competent authority has decided that the guidelines dated 14.04.2020 shall continue to be applicable till 03.05.2020. However, in cases where undue delay in loading or unloading at particular goods sheds is causing interruption in further loading and movement, then PCOM and PCCM are hereby permitted to lift the force majeure condition, and instead may extend the free time to twice the prescribed limits as per extant policies, with approval of General Manager. In such cases, beyond free
time thus prescribed, the charges will be levied at normal rates, this provision should be used sparingly, as required.

Further, in such cases where Zonal Railways exercise this power, it should be done with an advance notice of at least 24 hours. Zonal Railways must ensure wide publicity of these guidelines.

This issues in consultation of Traffic Transportation Dte and with the concurrence of Finance Dte. of Ministry of Railways.
