MINISTRY OF RAILWAYS
RAILWAY BOARD

No: TCR/1015/2020/Bamboo/07

New Delhi, dated 6/8/2021

PCCM
N.F.Railway
Maligaon
Guwahati.

Sub: Proposal for Reduction in chargeable class from LR3 to LR4 for Bamboo traffic

Ref: NFR's letter No.C/71/RCM/12/Misc/Minirake/Pt.I dated 22.09.2020 and 11.02.2021

***

The issues raised in the letters under reference have been examined. As Bamboo is currently charged at the lowest available class LR3 which is almost 30% below the breakeven class-100 and also, 6% concession in freight is available for traffic booked from and to N.F.Railway, the proposal of N.F.Railway to reduce the classification of bamboo further has not been found feasible.
