Sub: Methodology of calculation of concession under STS of TMS Module.

Reference above, it was clarified and advised vide Board’s letter of even number dated 10.12.2012 that concessional freight should be calculated as per laid down guidelines vide Board’s letter No.TCR/1078/2010/03 dated 10.07.2015; No. TCR/1078/2011/03 dated 04.06.2019; and No. TCR/1618/2020/02 dated 02.09.2020 as well as in accordance to Rates Circular No.26 of 2016.

Instances have been received from Zonal Railways requesting for calculation of chargeable freight under Station to Station rates scheme through TMS, complaining that calculations are being done manually which is prone to time lags and redundant in this information technology era.

It is requested to please expedite the development of software in this regard.
