**Sub: Showing of demand for container traffic as e-Demand**

Reference has been received from Central Railway stating that as per extant practice, container operators do not register e-Demand, instead container rakes are being released through Demand cum Release option given in FOIS by the commercial staff and operator is informed to mark for eT-RR and eT-RR is generated from TMS/FOIS. Railway has suggested that such demand of container traffic may be shown as 'e-Demand' instead of normal Demand.

FOIS/CRIS is requested take necessary action in this regard, under intimation to Board's office.
