4. There is no change in reservation fee leviable on tickets issued in the following cases :

(i) For journey originating from the ticket booking station, the satellite locations of PRS, which are linked to a particular booking station of a PRS, will be treated as booking station to which they are defined as satellite location.

(ii) The booking offices in remote non-rail head locations, will also be treated as booking offices serving their rail-head city. In these cases, when ticket has been issued for journeys originating from the rail-head station serving them, the existing reservation fee will continue to be levied. Example - Katra (Non-Rail Head PRS) has been defined as satellite location of JAMMU TAWI BOOKING STATION. When a ticket is issued from Katra for journey commencing from JAMMU TAWI, the existing reservation fee will continue to be levied. However, when PRS ticket is issued at Katra for journey originating from other than JAT station, enhanced reservation fee will be levied.

(iii) Out agencies having manual reservation quota will continue to issue reserved tickets at existing reservation charges.

5. This will be applicable to all tickets issued prospectively. This will also be applicable when old tickets are modified fully or partially.

6. CRIS may make necessary changes in the PRS software immediately and advise the earliest probable date from which the above instructions can be implemented.

7. Date of implementation of these instructions will be advised shortly after necessary modifications are made in PRS software.

8. Necessary instructions may be issued to all concerned and implementation ensured at all ticket booking offices on receipt of date of implementation from Board. Similar action should be taken to make changes in passenger information systems at all places including enquiry systems, websites, etc. when the scheme is implemented.

9. This issues with the concurrence of the Finance Directorate of the Ministry of Railways.
